HUNT PHANTOM KILLER ON TURNPIKE. Manhunt for a phantom killer of two truckers spreads over the Pennsylvania turnpike as state police search for the "maniac" who fatally shot his second victim in three days in Westmoreland County. Here the police are frisking a Florida resident at the Perry highway interchange of the turnpike, west of Pittsburgh. Lester Woodward and Harry Pitts, the two truckers, were the victims of the killer.

Three Marion Residents Hurt In Auto Wreck

Blaine Ave. Couple, Grandson in Hospital With Serious Injuries

Three Marion residents were seriously injured in an automobile accident in Upper Sandusky Tuesday.

Samuel Drollinger, of 213 Blaine Ave., is in "fair" condition and his wife, Effie, is in "poor" condition at Marion City Hospital today.

Their grandson, Walter Bahr, who resides with them, is in "fair" condition today following an operation at Columbus University Hospital last night.

The Drollingers' daughter, Mrs. Florence Eccarius of Mansfield, is at Wyandot Memorial Hospital for treatment of possible fractured ribs.

Bahr suffered a brain concussion and fractured skull in the crash which occurred about 9:35 a.m. Tuesday.

Drollinger received a shattered right leg above the knee and his wife, a fractured right leg, fractured pelvic bone and other possible injuries.

The accident occurred on S. Sandusky Ave. when the northbound car driven by Mrs. Eccarius crashed over the curb on the right side of the street, across a private driveway and into a tree. The car was demolished.

Two witnesses to the accident said it appeared that when the car started over the curb, Mrs. Eccarius stepped on the accelerator by mistake, shooting the vehicle into the tree.

The injured were first taken to Wyandot Memorial Hospital and later transferred to the other hospitals.

Power Shovel Reports Higher 1st Half Profits

The largest net earnings for the first six months in many years was reported today by John P. Courtright, president and general manager of the Marion Power Shovel Co. The total after taxes is $708,108.

Net profit in the first six months of 1952 was $579,771.

In addition to the regular quarterly dividends paid on preferred stock, the company also paid in full all arrearages which had accumulated on preferred stocks. This dividend, which amounted to $77 per share, was paid June 30.

Sales for the six months period this year amounted to $15,745,608. Sales in the same period last year were $15.594,154. The income before taxes this year was $2,050,308 as compared to an income before taxes last year of $1,662,771.

The company paid a total of $1,342,200 in taxes in the first six months. In 1952, first-half taxes came to $1,083,000, leaving a balance of $579,771 compared to the high figure of $708,108 reported this year.

Search Spreads For Maniac in Pennsylvania

PITTSBURGH (AP)—State police, convinced one person is responsible for two brutal slayings in three days on the famed Pennsylvania Turnpike, hunted today for a maniac armed with a .32 automatic.

The body of the second victim, Harry F. Pitts, 39, of Bowling Green, Va., was found in his parked truck Tuesday near Donegal, 50 miles from Pittsburgh. A bullet had been fired into his head.

Lester B. Woodward, 30-year-old truck driver from near Harrisburg, was shot to death under similar circumstances last Saturday. His truck was parked about 30 miles from Donegal.

Both drivers had pulled off the dual-highway to sleep.

State Police Cpl. William Smith said Woodward was robbed of between $50 and $75, but declared Pitts' money was still in his wallet.

Smith added:

"There's a maniac loose on the turnpike."

Defense Bill Passes House, Before Senate

WASHINGTON (AP)—The year's biggest money bill, a compromise measure appropriating $34,371,541,000 to the Defense Department, was passed today by the House and sent to the Senate.

It was passed by voice vote. There was only about an hour of debate as the House moved swiftly to clear its legislative docket in a drive for final adjournment at the end of this week.

The Senate was trying to get the bill through today too.

The figure was a compromise reached late yesterday by a Senate-House conference committee which ironed out some 50 differences in versions of the bill passed earlier by the two branches.

The group accomplished the rare congressional feat of agreeing to a total that was about 62½ million dollars below that originally voted by the House and nearly 140 millions less than voted by the Senate. The usual practice is to arrive at a figure between the two.

Final action was planned today, first by the House and then by the Senate, to send the bill to the White House. The total it carries is about 1½ billion dollars less than President Eisenhower asked and more than six billions below the budget recommendations of former President Truman.

Britain Wants 4-Power Talks

LONDON (AP) — Prime Minister Churchill's top deputies told Parliament today Britain still wants high level 4-power talks with Russia. They denied this conflicts with administration views in Washington.

Addressing the House of Commons on behalf of the ailing Churchill, Acting Prime Minister Richard A. Butler said "We have achieved unity of aim and policy on behalf of the three Western governments supported by the NATO governments and Western Germany."

He said Britain, France and the United States had invited the Soviet government to a foreign ministers' conference on German unity and an Austrian treaty and a reply is being awaited.

"In any case," he added, "the possibility of high level conference is not excluded and would be welcomed by the British government."

Communists Fail To Stop U.S. Food Aid

Crowds Push Through Iron Curtain Despite Threatened Arrests

BERLIN (AP) — Communist police arrested scores of East Germans who accepted gifts of Western food today but they failed to check the hungry throngs surging through the Iron Curtain.

Those arrested were released a short time later. Their food was not confiscated but in many cases identity cards — vital in the East Zone — were taken away.

The biggest crowds yet jammed West Berlin's food relief centers on the third day of the big American-financed relief program which has put the spotlight on food shortages in the restive Soviet Occupation Zone.

The Communists also harassed but did not halt the movement of food to West Berlin by truck. Other food arrived by plane.

Officials estimated 150,000 food packages would be given away today in addition to the 250,000 already handed out in the first two days.

Communist police began a campaign of arrests and threats to sabotage the program by scaring the East Germans away.

They arrested scores who returned to East Berlin laden with food. Thirty arrests were reported at one border crossing point alone.

The identity cards so important in any Communist police state were taken away from the arrested persons, and held by the police, the West Berlin newspaper Der Kurier reported.

The first truckload of American food crossed the Soviet zone and finally reached West Berlin after Communist border guards delayed it at both ends of the isolated city's highway link to the West.

The truck, bringing 20 tons of food from the U. S. freighter American Inventor, entered the American sector of West Berlin 20 minutes after German truck drivers had reported Communist police were unloading it and apparently confiscating its contents.

The truck had been halted first —for two and a half hours—at the Soviet oZne border 100 miles west of Berlin. After a thorough check by the Communist guards, it was permitted to pass.

Its second delay for checking occurred at Babiesberg, just outside the Western sectors, where all vehicles coming through the Soviet Zone are examined before they are permitted into West Berlin.

The food was the first delivery of a 15 million dollar stock being sent by the United States to replenish West Berlin's emergency food stocks now being depleted by free distributions to the hungry East Germans.

In West Berlin, meanwhile, the biggest crowds yet thronged across the Iron Curtain border for the third day of the distribution of free food parcels.

Stepping up efforts to stem the rush for free Western food, the Soviet zone radio implied today that East Germans getting the food faced arrest as spies. It broadcast hourly the names and addresses of food recipients. And it charged they were being recruited as future agents by Western espionage experts.

The intent of the radio name-calling was clear—to warn East Germans they risk arrest as Western agents if they persist in coming to the West for aid.

From the other side of the Iron Curtain, meanwhile, reports filtered through of a vast widening in the purge of the rebellion-beset Communist Party.

The West Berlin socialist newspaper, Telegraf, reported that 200 special commissions had been set up to investigate the conduct of all

Trio in Columbus Admit Burglaries

DAYTON, Ohio (AP)—Police said today a father, his 18-year-old son and their 20-year-old friend teamed up for a series of Central Ohio burglaries, including the burglary of a grocery owned by the friend's father.

Capt. Harry Burrows, chief of Montgomery County detectives, said they have confessed.

He said Homer Bostic, 41; his son, Richard, and Melvin Stebleton, all of Columbus, were arrested Tuesday night in Columbus and returned here by Dayton police. They will be charged today with burglary of an inhabited dwelling at night.

The detective chief said the trio already is under indictment for burglary in Union County.

Senate OK's Refugee Bill As Ike Wins

Compromise With McCarran Paves Way for Passage

WASHINGTON (AP) — The Senate today passed legislation to admit 209,000 refugees to the United States in the next three years, giving President Eisenhower a major victory on a hotly disputed issue.

The 63-30 vote climaxed a long and bitter controversy that once threatened plans for adjournment of Congress by the end of the week.

The compromise measure falls short of Eisenhower's original request, submitted last April 22, for opening the United States to 240,000 Iron Curtain refugees and other special immigrants in the next two years.

Administration leaders, however, struck a compromise with Sen. McCarran (D-Nev) and other opponents before calling the bill up.

The House last night passed a companion bill under which 217,000 refugees and other non-quota immigrants would be admissable to this country in the next three years.

The differences between the House and Senate measures will have to be reconciled before the legislation can be sent to Eisenhower for his signature.

The closest squeak for the administration in the Senate came on an effort to change the bill, and the administration won 49-40.

The vote rejected an amendment by Sen. Jenner (R-Ind) which would have authorized the President to halt all admission of immigrants under the legislation unless he found other nations were accepting their fair share of refugees.

Administration leaders, optimistic all along that the Senate would approve the measure, were encouraged by this first roll call.

The compromise bill is somewhat more restrictive than a measure the House passed last night 221-185 to admit 217,000 Iron Curtain refugees and other special-quota immigrants in the next three years.

Under the Senate bill, the number of refugees would be limited to 209,000. This compares to the 40,000 Eisenhower asked Congress to admit in the next two years to help provide asylum for persons who have fled from Communist tyranny, and other homeless refugees.

Reds Charge Allies With Eight Violations of Korea Truce in First Two Days

GENERALS MEET AT ARMISTICE TABLE. At the first meeting of the military armistice commission at Panmunjom, Maj. Gen. Blackshear Bryan (left), senior member of the Allied generals on the commission, exchanges credentials with North Korean Lt. Gen. Lee Sang Cho. At the left of Cho is Chinese Gen. Ting Kuo Jo and next to him is Gen. Tsai Cheng Wen. The commission, which is made of five senior officers from each side, recessed later.

Incidents Not Major, U.S. Leader Says

Communists Claim Planes Flew Over Demilitarized Zone

MUNSAN (AP)—The Communists today charged the Allies with eight violations of the two-day-old Korean armistice — allegations promptly labeled by the Allies as minor and lacking information.

The Reds made the charges at today's second meeting of the joint Korean Armistice Commission. They asserted three aircraft flew over the demilitarized buffer zone, and that four artillery rounds and one burst of three machine-gun bullets were fired after the cease-fire became effective.

U. S. Maj. Gen. Blackshear M. Bryan, chief Allied commissioner, disclosed after today's 1 hour, 22 minute meeting that the charges were lodged by his Communist counterpart, North Korean Lt. Gen. Lee Sang Cho. The commission recessed until 11 a. m. Thursday.

"We were accused this morning," Bryan said. "These were allegations, broad and general, and nothing serious. None have been substantiated."

He added that he had "asked for additional information on which to base further action."

Bryan disclosed also that he had asked that the huge exchange of war prisoners begin Sunday, rather than on Aug. 5 as agreed upon yesterday, but that the Reds could not advance the date.

"I am sorely disappointed," he said.

More than 86,000 prisoners—including 3,313 Americans—are to be exchanged through Panmunjom within 60 days. About 22,000 North Koreans and Chinese refusing to return to Red rule will be brought to camps within the buffer zone and their fate decided later.

Bryan said the joint truce observer teams which will police the 2½-mile-wide buffer zone across Korea's scarred waist "probably will start work tomorrow morning."

Armies of each side are withdrawing 1¼ miles on each side of the cease-fire line to create the zone. The withdrawal must be completed by 10 p. m. Thursday.

Reports from the front indicated the withdrawal was proceeding smoothly.

Bryan said that the neutral nation inspection team was expected to begin work shortly but that no information had as yet been received on the arrival of the Polish and Czech members at Panmunjom.

Peiping radio said Monday they had left Red China's capital for Pyongyang, the Korean Communist capital.

All Swiss members and some Swedish members arrived in Munsan today and Maj. Gen. Sven Grafstrom, head of the Swedish team, said the neutral inspection

Taft Improves Slightly After Restful Night

Condition Reported 'Somewhat Improved' After Turn for Worse

NEW YORK (AP)—Sen. Robert A. Taft was reported "somewhat improved" today.

New York Hospital issued a bulletin in mid-morning saying the Ohio Republican had a restful night and was comfortable.

He has been in the hospital since early this month suffering from an unspecified hip ailment.

The hospital said Tuesday Taft's condition had taken a turn for the worse.

This morning's bulletin, signed by Dr. Charles E. Forkner, read:

"Senator Taft had a more restful night. This morning at 8:30 he requested breakfast and ate it with relish. He is having no pain and his condition is somewhat improved."

Taft's family was gathering here after the previous reports that his condition had deteriorated.

A New York Hospital bulletin last night reported the Senate majority leader was "generally weaker" and that his condition was "unsatisfactory." A later announcement said he was "resting a little more com-

Decision Would Be Lausche's

Taft Resignation Could Swing Balance of Power

COLUMBUS, Ohio (AP)—If the illness of Robert A. Taft forces the Ohio Republican's resignation from the Senate, Democratic Gov. Frank J. Lausche would be empowered to name the successor that could tip the balance of senatorial power.

Forty - seven Republicans, 47 Democrats, Independent Wayne Morse from Oregon and a vacant seat to be filled by the Republican governor of New Hampshire account for the full membership.

Lausche is a Democrat long criticized by some party stalwarts for his independence and forays into the realm of conservative politics. But he is expected to name a Democrat.

Here are some of the democratic names the politicians are mentioning today as a possible successor to Taft.

Thomas A. Burke, Lausche's old friend and successor as mayor of Cleveland. Burke is a popular vote getter and he doesn't want to be mayor after the present term.

Michael V. DiSalle, former Toledo mayor, state legislator and federal price administrator. DiSalle, often a visitor at the governor's mansion, was strongly backed by Lausche when DiSalle ran unsuccessfully for the Senate in 1952 against Sen. John W. Bricker.

James M. Huffman of Columbus, appointed to the U. S. Senate once before by Lausche. That was in 1945 when the governor named him to fill the vacancy created by the elevation to the U. S. Supreme Court of Harold H. Burton. Huffman failed to win the seat in the next election.

Others regarded as possible appointment material include Rep. Robert T. Secrest, Senecaville Democrat; Rep. Frazier Reams, Toledo Democrat who wears the independent label in the House, and former Lt. Gov. George D. Nye of Waverly.

Politicos with a flair for dramatics mention two possibilities but discount them both.

One would be the selection of Sen. Taft's brother, Charles P. Taft of Cincinnati. Charles was Lausche's opponent in the last election.

The other would be a deal with the statehouse Republicans. Lausche could resign and then be appointed to the Senate by Lt. Gov. John W. Brown, a Republican.

The new term would be filled in the general election of November 1954.

No Hitches Reported

Withdrawal of Troops From Front Continues

SEOUL (AP)—The withdrawal of two mighty armies from the Korean demilitarized zone continued smoothly today as the Thursday night deadline approached.

Enemies a few days ago, Allied and Communist troops worked within shouting distance of each other, salvaging material and wrecking fortifications that took months, sometimes years, to build.

Although Allied troops were warned by the 8th Army against fraternization with the Reds, there were reports of friendly contacts all along the war-shattered front.

Under terms of the armistice signed Monday, both sides are to have pulled back 1¼ miles each from the truce line by 10 p. m. Thursday (8 a. m. EST)—three days after the cease-fire.

"It took us two years to build this line," one American officer remarked, "now we've got to tear down in 72 hours millions of dollars of fortifications."

Allied forces were under orders to salvage all possible equipment from the intricate system of fortifications strung across the 150-mile line.

One of the toughest tasks was to remove 12-inch beams used in bunkers. All efforts were extended to salvage the lumber, scarce in this country.

The Reds' job of pulling back was less complicated.

The Reds had dug a system of defenses mostly underground. Allied officers explained the Communists only have to cave in the dirt at the entrances to make them useless.

Communist and Allied work parties searched the buffer strip for bodies and graves. Before the search is ended, it was certain that some names on the list of missing would be removed.

Bodies of six Americans and 100 Chinese were recovered at a Western Front outpost where one of the last battles of the war was fought, said Michael Rougier, Life magazine photographer.

Rougier said the Communists wanted the Marines to remove the Chinese bodies from bunkers and trenches on the outpost—known as Boulder City. The Marines refused, Rougier said, and signaled the Reds to get them themselves.

"At first the Chinese were afraid to come over, but then one of them walked to our position. The others followed when they saw the Marines pointing to the places where there were bodies," he said.

Rougier said the Chinese assisted the Marines in locating American bodies.

Although American GI's and other United Nations forces were under orders to avoid the Reds, there were reports of contacts and in some cases exchange of foods, cigarettes and souvenirs.

And the Communists did not overlook the propaganda opportunity. On the Eastern Front, Red loudspeaker broadcasts assailed the proposed defense pact by the United States and South Korea as an effort to extend the war.

A news correspondent told of an incident at Outpost Heddy on the Western Front where Chinese presented him with a red and gold "peace dove" insignia inscribed with English words "We demand peace."

He reported the Chinese passed out the small emblems to Marines working in the area.

South Korean forces, who manned two-thirds of the battleline, were pulling back in orderly fashion.

Allied evacuation of strategic islands far up both North Korean coasts also progressed smoothly.

Marion Man Questioned as Arson Suspect

A Marion man arrested yesterday in an apparent attempt to set fire to his place of residence is to be questioned today as a possible suspect in the recent series of "set" fires which caused damage estimated at $365,000.

Marion poice and Raymond LaMonda, an investigator for the arson bureau of the State Fire Marshal's office, plan to question the man this afternoon. Investigators spent the morning checking his record.

The man, arrested late yesterday afternoon after he had poured gasoline about his apartment, is being held for investigation in the city jail.

What connection, if any, he had with the series of six fires in Marion industrial buildings last month has not been determined. LaMonda would say only that he would be questioned about these fires, which were believed set by a pyromaniac.

All six fires broke out in industrial buildings within a ten-block area on the city's west side.

Fires the night of June 15 destroyed storage bins of the Betty Zane Popcorn Co., damaged an Erie Railroad warehouse, and packing material stored by the Marion Power Shovel Co. Fires the night of June 26 destroyed the Farm Bureau elevator and caused minor damage to the Marion Plant Life Fertilizer Co. Another fire later at the Marion Power Shovel storage lot caused minor damage.

Ammonia Jar Explodes, Marion Man Injured

Elwood Ballantyne, 429 Oak St., was injured Tuesday while at work at the Alco Dry Cleaners when a gallon jar of ammonia he was opening blew up. His eyes became inflamed and he was nearly overcome by the fumes, company officials reported today.

He was taken to City Hospital where he is being treated. His condition is reported to be "good."

Officials of the company said it is believed the extreme heat caused the can to explode as Mr. Ballantyne was trying to open it. The accident occurred about 4 p.m.

Eisenhower Signs Bill Giving Haven To Polish Aviator

WASHINGTON (AP) — A youthful Polish flier who escaped from his homeland last March in a Russian-built jet plane received today the right to become an American citizen.

Lt. Franciszek Jarecki looked on with sparkling eyes as President Eisenhower signed the bill that gives him haven in this country.

"There you are," Eisenhower said with a big smile lighting his face. "Now you are legally here."

The 22-year-old refugee, dressed in a dark blue suit, said he feels that "I am the symbol of the Polish people in their fight for freedom."

While he was at it, Jarecki bid for support for General Wladyslaw Anders, head of the Polish Army in exile, as a rallying point for Polish freedom.

The young man speaks no English and his interpreter was Rep. Machrowicz (D-Mich).

American League Race Nearing Two-Team Battle

Yankees Drop Indians; Chicago Whips Red Sox

By BEN PHLEGAR
AP Sports Writer

Could it be that New York and Chicago are going to settle down and make it a nice simple two-team race for the American League pennant?

Today and tomorrow should tell the story. The Yankees have a chance to wipe out the flag hopes for fourth-place Cleveland. The White Sox are in a position to do the same for Boston.

Neither series is the kind on which you'd want to risk the family jewels although both the Yanks and the White Sox looked good in winning last night. New York ran up a 4-0 margin in the first six innings against Cleveland and beat the Indians 4-2. Chicago took the measure of Boston by the same count with Sam Mele, one-time member of the Red Sox, banging home three of the four tallies.

Both of the winners were due for a good game. They've been running 1-2 mostly by default for the past 10 days. The Yankees hadn't looked like champions since they captured a double-header in Chicago a week ago Sunday, and the White Sox had dropped six of their last nine games.

But the gap is widening now. New York leads Chicago by 5½ games and has an 8½-game bulge over Boston and 9 over Cleveland.

The Indians have stayed close mainly because they had won six in a row from New York. With this bubble broken, they are in danger of fading fast.

Boston, on the other hand, stands to get a big psychological lift today when Ted Williams returns to Fenway Park. He was released from the Marine Corps yesterday. Whether his mere presence—since he says he's not yet in shape to play—will be enough to keep the Red Sox going remains to be seen.

Brooklyn maintained its seven-game edge over Milwaukee in the National League by swamping Chicago 13-2. The Braves edged New York 2-0. Third-place Philadelphia slipped nine games behind by losing 5-4 to Cincinnati, and St. Louis pulled into a fourth-place tie with the Giants with a 6-4 triumph over Pittsburgh.

In the other American League games, Detroit outlasted Washington 8-5 and Philadelphia downed St. Louis 9-7 on Ray Murray's two-run homer in the eighth.

The Red Sox also drew their largest crowd—35,385 — to watch them lose for the third time in 13 games. The loss went against Hector (Skinny) Brown, who had won 10 games this year and seven in a row. Mele and Minnie Minoso accounted for all the Chicago runs. Both had home runs.

The Cubs gave the game away to Brooklyn in Chicago as a pair of errors contributed to seven unearned runs in the second inning. Johnny Podres checked the Cubs on four hits, three of them singles by Randy Jackson.

Al Worthington and Hoyt Wilhelm held Milwaukee to three hits but the Braves didn't need any of them to score their two runs against the Giants. Three walks, two sacrifices and a long fly got the runs home. Bob Buhl, who scored one of the runs, won his seventh game.

Ray Jablonski drove in half of the Cardinals' runs against Pittsburgh with a pair of singles. Cliff Chambers and Joe Presko scattered seven Pirate hits with the only serious damage coming in the fifth inning on a three-run homer by Frank Thomas.

Toledo Sox Move Into First Place

By The Associated Press

The Minneapolis Millers knocked the Indianapolis Indians from first place to third in the American Association Tuesday night when home runs produced a 12-5 Miller victory.

Toledo, which beat St. Paul 3-0 and 8-5, moved into the spot and Louisville, 7-3 conqueror of Charleston, took over second place.

Both Louisville and Indianapolis are a game back of the new leaders.

In the other Association game Tuesday, Kansas City beat Columbus 3-0.

Women Golfers Enter 2nd Round

CINCINNATI (AP) — Stocky Polly Riley and attractive Mae Murray were tabbed as the girls to watch today as the 53rd annual Women's Western Amateur Golf Tournament went into its second round.

Miss Riley, the Fort Worth, Tex., expert who won the tournament in 1950 and last year, met Edean Anderson of Helena, Mont., today.

Miss Murray, whose home is in Rutland, Vt., was the hottest shooter in the tournament Tuesday as she moved up to a second round match against Mary Ann Downey of Baltimore, Md., runner-up in this tournament in 1951 and 1952.

Miss Riley was even par in a 2 to 1 victory over Jean Hopkins of Cleveland in Tuesday's play.

Claire Doran of Cleveland eliminated Mrs. Burt Weil of Cincinnati, the tournament medalist. She was five over par but that still was good for a 3 and 2 victory.

SHORT SPORTS

By John Short

We accompanied Cecil Addams, Marion Speedway promoter to Columbus Tuesday afternoon and the first thing we knew we were hooked into helping him carry a king-sized trophy back to Marion.

The trophy, well over four feet in height, will be presented the winner of the championship race at the Speedway on Aug. 23. Getting the trophy inside the car was quite a problem. Two holes were punched in the upholstery of the race car and the trophy had to be dismantled before the return trip.

SHORT

The championship race will be run over a 200-lap grind with $1,000 in purses being distributed during the day. The winner will receive $150 in cash and the giant trophy. In case of rain on the championship date, the race will be run the following Sunday, Aug. 30.

Addams has set special hours for the event. Time trials will get under way at 11:30 and will be completed at 1 p.m. After the track has been worked over, the first race will start at 2. The early start has been set to allow drivers from Columbus, Toledo and other cities to compete here and then return to their regular tracks for Sunday night.

Open competition will be held and any driver may enter. Only requirement is that the car be equipped with roll bars and other safety equipment.

The Gilmore system of qualifying will be used, Addams tells us. Each driver will be allowed three laps in which to qualify. The entire field will complete one lap and then the second. Under this plan every driver will qualify under the same track conditions Each will receive a chance before the track becomes rough.

SIDE TRIP. During the ride to Columbus, Cec decided to look in at Powell Speedway where an improvement project has been carried out this summer. A new quarter-mile track has been installed inside the half mile oval and is due to be placed in use this week.

In addition, the track has erected new bleachers to seat 5,500 fans. A covered grandstand at the north end of the track gives Powell a total seating capacity of 7,000

Yesterday's STARS

Pitching—Bob Buhl, Milwaukee Braves, threw his third shutout in his four complete major league games in beating New York 2-0.

Batting—Gil Hodges, Brooklyn Dodgers, hit his 24th home run and also got a double and two singles, driving in three runs in a perfect day at bat against Chicago as the Dodgers won 13-2.

Giovanelli Favored In Video Feature

NEW YORK (AP) — Buzz - saw Danny Giovanelli rules a slight favorite over hooking Carmine Fiore in their all-Brooklyn welterweight scrap tonight at Madison Square Garden.

The 10-round bout will be televised on the Columbia Broadcasting System network at 9 p. m. (EST).

Giovaneli, whose aggressive style has made him a big favorite with fans and TV viewers, will be gunning for his 14th straight victory.

Fiore has a damaging left hook, which has helped him score 16 knockouts in his 42 victories. He has beaten such men as Richie Reed, Rocky Brisebois, Tony Cimmino, Archie Whitewater and Joey Klein but has lost to Martinez and Carmine Basilio.

DROWNS NEAR CAMBRIDGE

CAMBRIDGE, Ohio (AP)—Ivy W. Huntsman, 38, of nearby Lore City, drowned Tuesday in Lake Seneca after suffering a heart attack while fishing.

ON THE WAY OUT. Boston Red Sox Outfielder Ted Williams carries his discharge papers as he passes Pfc. Robert Pratt of Portland, Me., sentry at the Washington Navy yard on his way back to civilian life. The former jet pilot Marine captain is motoring to Boston to discuss with the Sox management the date of his return to the diamond.

Welcome Set For Williams

Boston Brass Greets Ted With Contract

BOSTON, (AP)—Owner Tom Yawkey and General Manager Joe Cronin had their doting but muscular arms spread wide today to welcome Ted Williams back into the Boston Red Sox fold.

Williams, who completed his second wartime tour as a Marine pilot Tuesday, is due at Fenway Park after motoring here from Washington.

And, most likely, as thousands of Williams' admirers gather to tender him an ovation, he will go through the formalities of resuming his twice interrupted baseball career.

The first step will be restoring him to the active player list. That can be accomplished by a telephone call to the American League headquarters in Chicago. Then he will sign a contract for the remainder of the 1953 season.

Hambletonian Entries Prep For Big Race

WESBURY, N. Y. (AP)—Trotters eligible for the $100,000 Hambletonian Stakes take over the spotlight tonight at Roosevelt Raceway, when 20 three-year-olds will start in two divisions of the Old Country Trot.

Half of the field of 10 in the first division are nominated for the Hambletonian at Goshen, N. Y., Aug. 12, while six trotters in the second division are eligible for the trotting derby two weeks from today.

Octave Blake's Newport Star, from the Newport Stock Farm, South Plainfield, N. J., is the 2 to 1 favorite in the second division. Newport Star is the present Hambletonian favorite.

In the first division of the Old Country, the 2 to 1 early choice is Elby Hanover, owned by Saunders Mills, Toledo, O.

Others in the first division eligible to the Hambletonian are Shelby Hanover, Wales T. Flynt, Crawfordville, Ga.; Mr. Titan, Mrs. Catherine Peters, Tamaqua, Pa.; Vulcan, Arden Homestead Stable, Goshen; and Bengazi, Ralph H. Kroening, Milwaukee.

Kroening, who won the 1951 Hambletonian with Mainliner, also has Call Boy in the second division of the Old Country. The others in this section eligible for the Hambletonian include Sword, Mrs. Margaret Critchfield, Wooster, O.

Fifteen horses have been entered for the $50,000 Nassau Mile and one half pace at Roosevelt Thursday night. The 3 to 1 favorite is the triple entry of the Del Miller Stable, Direct Rhythym and Meadow Rice, owned by W. G. Reynolds, Louisville, and Adio Abe, property of Howard Yunkes and H. D. Skidmore, Lebanon, O.

VFW hopped on G & G for two runs in the very first frame, enough to win and added two more runs in the sixth. The losers scored their lone run in the fourth.

Harold Jones, on the mound for the winners, allowed by three hits and struck out 14. Loser was Anspaugh, who surrendered five safeties. He fanned five.

Larry Coy had three hits for the winners and Simpson two for the losers.

Redlegs 'Ski' To 5-4 Verdict Over Phillies

Perkowski Takes 4th Straight; Kluszewski Gives Hitting Power

CINCINNATI (AP)—The Cincinnati ball club put on its winning pair of "ski's" last night—Harry Perkowski and Ted Kluszewski—and scooted to a bumpy 5-4 triumph over Philadelphia.

The Phils almost threw the Redlegs for a nasty spill in the eighth inning when they came up with four runs, but Perkowski quelled their riot by setting down the side, 1-2-3, in the ninth.

It was the West Virginian's fourth victory in a row and his eighth in his last nine decisions.

The Redlegs wasted little time in solving starter Bob Miller, charged with his fourth defeat against three triumphs. They scratched him for one run in the second when Willard Marshall singled, went to second on a wild pitch and scored on Roy McMillan's hit to center.

Cincinnati made it 2-0 in the third on back-to-back doubles by Gus Bell and Kluszewski.

Miller failed to survive the fourth as the locals moved into a commanding 5-0 lead. After Perkowski popped, they loaded the bases on singles by Rocky Bridges and Bobby Adams and a walk to Bell.

Side-arming Karl Drews replaced Miller at this point and Kluszewski welcomed him joyfully with a two-run single to center. Jim Greengrass singled home another run before Marshall bounced into a force play and Hobie Landrith fanned.

After being stopped by double plays in the fourth and fifth, the Quaker City lads finally banged into Perkowski for four runs, two unearned in the eighth.

The second game tonight of the three-game series will see Philly ace Robin Roberts gunning for is 18th victory, opposed by Jackie Collum.

Stengel Encouraged

Ford, Reynolds Team Up To Hand Tribe 4-2 Loss

NEW YORK (AP)—After his new York Yankees won 18 games in a row, Manager Casey Stengel thought he had the American League Pennant cinched.

But he has learned his lesson.

"Why," he said today before sending his team against the Cleveland Indians, "I wouldn't even count the Indians out yet, not with the kind of pitching they have."

The Yanks beat the Tribe 4-2 last night, but they had to work to win it. If Stengel's men can knock down the Indians in the remaining two games of the current series, they will have taken care of one of their main threats. Then they'd only have to worry about the Chicago White sox and the Boston Red Sox.

"Anyway, the entire club looked better than at any time since we won a double-header from the White Sox more than a week ago," rasped the old professor. "I know now that I have two pitchers, Allie Reynolds and Whitey Ford. They both looked great against the Indians."

Ford started last night's battle and gave up five hits in 6 2-3 innings before he was rescued by Reynolds who permitted two hits the rest of the way. The super-chief of the Yanks' staff came on when Ford was tapped for two runs in the seventh.

"That was a big victory for us," Stengel continued, "and I don't mind admitting that it took a load off my mind. I was plenty worried after we looked so terrible in Cleveland and Detroit on our last Western trip."

Joe Collins and Gil McDougald got the Yanks off to a flying start by slamming one-run homers off starter and loser Early Wynn—Collins in the first inning and McDougald in the third.

New York ran the score to 4-0 in the sixth. With one out, Yogi Berra walked and scored on a double by Irv Noren. Gene Woodling drew an intentional pass and Bill Martin fouled out, but a single by Phil Ruzzuto scored Noren.

Big Luke Easter finally saved the Indians from being shut out with a two-run single off Ford in the seventh inning. Luke's hit scored Dale Mitchell, who had walked, and Al Rosen, who had doubled.

Tips to Bridegrooms

By Hal Boyle

NEW YORK (AP) — The greatest boon to matrimony since the invention of the wedding ring is the 1953 bridegroom.

He is a product in a vintage year. The husband crop has been larger in previous seasons, but never of finer quality. Any girl who managed to harvest her man this summer is probably a mighty lucky girl today.

For bridegrooms, like wines, do vary from year to year. One year they lack a decent job. Another year they lack either brains or personality. Still another year they lack a sense of marital responsibility.

"You are right about that, Rover," said my wife, Frances. "And every once in a while a girl runs into a blue year when bridegrooms lack everything—such as 1937."

"1937?" I asked. "Isn't that the year we were married?

"Why, so it was," said Frances. "So it was."

Well, anyway, to get back to the 1953 bridegroom, he seems to lack nothing that comes in a male package. He's got a good job, a car and money in the bank.

And he will do anything to please his bride, from sewing on a button for her to baking a cake. Never mind if the gas stove breaks down. This all-round boy can cook a dinner for two on his hot little halo.

Don't take my word for it. Here is what I overheard one June bride say to a friend:

"My Bill won't even let me help do the dishes. He says I don't scald them enough. With him everything has to be done just right. He keeps a house much neater than my mother did. Simply won't let a pin get out of place."

Well, now to the point. Recently I wrote an article in which some older husbands gave "Ten golden rules" to guide a post-honeymoon bride. I never bothered to offer similar advice to young bridegrooms, frankly, for the same reason I wouldn't write an article entitled, "Why ministers shouldn't steal from the church poor box." It just didn't seem necessary.

But a number of indignant lady readers wrote in to complain that if anybody in a marriage needed advice it was the husband and not the wife. And so, in the interest of fairness but against my better judgment, here are "Ten golden rules for bridegrooms," compiled by a Columbus, Ohio, housewife:

"1. Meet your bride half way. Don't always insist on having your own way. Remember she has wishes, too.

"2. Don't be hot-headed and ill-tempered when one of her former suitors drops in and she pays him a compliment.

"3. Don't spend your paycheck on liquor or lend it to no-accounts, or come home tight as a beer keg and expect her to be all smiles.

"4. Don't swear every time you speak, even though you don't happen to be religious. This is very annoying.

"5. If you smoke, don't flip matches and ashes all over the place.

"6. Be neat when going out with the wife. Always wear a necktie unless it's 100 in the shade.

"7. Don't be a grouch about your meals. Learn to live a simple life. You'll look better, feel better, and live longer.

"8. You are probably a boss in some capacity in your job. But don't be too much of a supervisor after you get home. Suggestions are appreciated, but not criticism.

"9. A woman loves to brag up her husband at all times. Live up to her high ideals. Give her some reason to brag.

"10. Never forget that, although woman is supposed to be the weaker sex, time has proved differently. We realize you need our love and cooperation, but how about a little from your side?"

Well, I took these 10 rules over to show them to a young bridegroom. I hated to disturb him. He was cooking dinner. He looked over the list, murmuring as he stirred a pot, "Quite right. True indeed. Very sound."

Then he said thoughtfully:

"Tell me, sir are there really husbands who go out in public without a necktie, swear out loud, try to boss their wives, and stay out late at night and spend their money at bars?"

I had to admit that, here and there in dark periods of history, such husbands existed, and there might even be a dozen or so in his own neighborhood.

"H-m-mmm. Now tell me, sir," he said, musingly. "Do they . . . uh . . . do they get relief, pleasure, fun or relaxation from such things? A young bridegroom does have so many, many things to learn."

Well, that is when I backed out the door fast. For I recalled the old story of the woman who, on leaving her kids at home while she went on an errand, warned them sternly, "Now, whatever you do, don't put any beans up your nose." The kids had never heard of such a thing. But naturally when the mother returned every child had a nose stuck full of beans.

That's why I am against the Ohio housewife's "Ten golden rules" for bridegrooms, Class of 1953. The bad ones already have beans up their noses. But why give the good ones the idea?

DENIES CHARGE

COLUMBUS, Ohio (AP) — Junius Jones, 25, one of 14 Ohio Penitentiary inmates indicted in the half-million dollar fire and riot at the institution last Halloween, Tuesday pleaded innocent to charges being the ringleader of the insurrection. Jones, sentenced from Hamilton County for housebreaking, will stand trial next fall with seven other convicts.

SENSATION, Kathy Loretta Atkins, 5 days old, naps contentedly in her mother's arms unaware that she's created quite a sensation in the Atkins family at Shelby, N. C. Kathy is the first daughter born in three generations of Atkins. This covers a period of more than 100 years, starting with Jerry, an only son. He had an only son, Will, who in turn had three boys. To these three sons 14 sons were born: Gordon and Charlie had five each and Archie had four. Gordon has one grandson. Kathy is Archie's granddaughter.

Long Brewery Strike Is Ended

MILWAUKEE, Wis. (AP)—Milwaukee's 76-day-old brewery strike ended last night with the announcement that strikers had voted more than 3-1 to accept a contract offer from the city's six breweries.

The strikers, members of the CIO United Brewery Workers, began returning to work immediately. However, some protests against the agreement were voiced by dissenting workers who had hoped to win a 35-hour work week with no loss in pay.

Spokesmen for some breweries said the settlement terms, which included a 20-cent hourly wage increase, would result in a beer price increase.

John Schmitt, secretary of the union local, announced the vote was 7,710 to 1,537 in favor of the settlement. Less than half an hour later, union workers were back on the job at the Pabst, Schlitz and Blatz breweries.

Production was to resume today at Miller and Independent, with Gettelman production starting tomorrow.

Early Ashley Station Moved to New Site

Special to The Star

ASHLEY—One of the first gas stations built in Ashley was moved last week from its original site.

The station, which was built in the early 1920's, occupied a lot belonging to the Ashley Oil Co. on N. Franklin St. until last week when it was moved to the property of the Standard Oil Co., near the south end of Main St. The station had been operated by E. R. Tilton, who retired, and the building was purchased by Standard Oil.

The underground oil tanks are being excavated and the lot is being leveled by power shovels.

Lawmaker Not Dead

LINCOLN, Neb. (AP)—Nebraska legislators recently adopted a resolution in memory of former lawmakers who had died. Yesterday they got a letter from one of those included on the list.

Franklin Stewart Wells, very much alive and approaching his 89th birthday, wrote to say the resolution "was quite a bouquet."

And he added: "It was quite a surprise."

Inside Labor

Seeds of Revolt

By Victor Riesel

DUSSELDORF

Just a few hours driving by swift car will carry one to the border across which men are even now planning wider and bloodier revolts against the convulsive Kremlin.

RIESEL

It was inevitable that this would happen — in the planned methodical fashion of the Germans throughout the centuries.

The East and West Germans have turned the Iron Curtain into a Venetian blind. The light is coming through.

The East Germans see they can no longer live passively when bread costs the equivalent of three and four dollars a loaf; where there are no doctors for one's children; where it takes a day, sometimes two days, to work for a pound of bacon and a month's hard labor for a suit of clothes.

-:-

IT WAS inevitable that further revolution be planned when even these meagre wages were slashed in half — while they learned from the grapevine and the railroad workers that a city such as this industrial center, for example, was preparing to receive a million well fed visitors for a gay fair dedicated to "Better Living For All" right now.

It seems to me vital, therefore, to record for history the still untold story of how all this started in the famous "June Days" in Berlin.

Those "June Days" marked the beginning of the end of Beria's MVD era, and the new revolutionary planning now going on may well mark the end of the centralized power of Moscow over the Communist International, which Stalin created in his image.

-:-

HERE IS how it began:

On June 9, Moscow's "ambassador" to East Germany, Comrade Vladimir Semyonov, returned to Berlin after briefing in the Kremlin.

A few days later, East Germany was filled with reports that Semyonov would ease the conditions of labor, lower prices, slash the incessant Communist propaganda —and make life more livable.

Instead, word came that by July 1 work schedules would get tougher.

By June 16, tension was so taut that a group of construction workers on Stalin Allee in East Berlin could no longer stand it quietly.

They drew up a petition asking that the work day be eased, wages raised and more food made available. Five of their leading workers were to take the document to the Economic Ministry.

-:-

SUDDENLY the five men got an old-fashioned case of the jitters. They realized that they might never get out of the ministry. A few men could easily be shot or sped off to a concentration camp. So the five returned to their fellow workers.

After a conference, the construction union men decided to send 80 men from a now famous Site 40.

They reckoned the government just wouldn't whisk 80 men out of sight without exploding the dynamite-laden sullenness which already had resulted in a slowdown throughout all East German industry. (The West had been unaware of this sabotage early in June.)

As they marched, some Communist Volkspolitezei tried to stop them. Three cops were beaten. The 80 men continued to march up the street.

Hundreds, then thousands, fell in behind them. They reached the economic minister. He got up on a table to assure them all would soon be well in this annex of the worker's paradise.

-:-

THE WORKERS couldn't wait for pie in the sky. They dumped him off the table. Soon special strike committees sprang up throughout Eastern Germany.

Immediately the Western anti-Communists swept into action. Several groups slipped men across the Communist border, it can now be revealed.

The first were the union leaders of anti-Communist labor organizations. They helped organize the sitdown strikes, smashing of machinery and burning of Communist bookstores, and they set up a communications system.

A second group was led across by Ukrainians in exile. These were headed by a Russian general who retreated from the Ukraine with the German troops during the last war and found refuge in West Berlin.

These Ukrainian exiles have a tough underground organization.

-:-

A THIRD force was led by a group of former Soviet prisoners of war, soldiers and officers captured by the German army who refused to return to Russia when they were released in 1945.

It was these men who rushed across the border on June 17 to urge the Russian troops to go easy on the strikers. They had considerable effect on their former fellow soldiers, for there was much shooting in the air over the rebels' heads.

It became apparent that the Soviet secret police was staying out of the rebellion.

Now, with Beria out of the MVD command, we know he must have been fighting for his life, thus paralyzing the MVD by leaving it leaderless for a while. Without secret police prodding, the Russian Army eased off, until firm orders came to stop the demonstrations.

Thus it began. And it will continue, the Germans here say, especially if our American labor leaders go home and stop telling them how to plot a revolution as though it were a Labor Day parade for all to see and enjoy.

Mail Goes Through —Even If It Is Late

It may take the Postoffice some time to get the mail through, but they do it, no matter how long the time.

Mrs. H. Gherman of 680 Silver St. reported today that on Monday she received a card from the Rev. James Fisher who used to be pastor at the Lee St. Presbyterian Church in the late 20's and early 30's. He had mailed the card from Owens Mills, Md.

Date of the postmark on the card was Aug. 13, 1932. Monday's date was July 27, 1953, a difference of 20 years and 11 months.

Mansfield Dog Wins Honors In Galion Trial

GALION—In the field trial held Sunday by the Crawford County Coon Hunters Association at the Otto Pfeifer farm, 173 dogs were entered, classified as 24 senior dogs, 97 juniors, and 52 green dogs. Eighteen elimination heats and three finals were run.

Nip, a junior dog, owned by Jack Scarbrough of Mansfield, took first tree position, and first line was won by an Ashland senior dog, Daniel Boone, owned by Paul Chandler.

Honors for second tree were split between two junior dogs, Ruff, and Paycheck. Ruff is a Marion dog, owned by Dean Dowler, and Ed Henry of Columbus is owner of Paycheck.

Measles, a junior dog owned by Mr. Waller of Johnstown was second line winner.

In a consolation race, Dock, a senior, owned by John Cox of Shelby won both line and tree honors.

In spite of the hot weather, the event was well attended. The crowd was estimated at over 500. Officials of the association expressed appreciation to those who helped make the chase a success.

In the Direction of Freedom

This is the time to think about a neglected idea—that all of us have a hand in foreign policy because we live in a republic.

We gave Dwight Eisenhower a mandate in last year's presidential election to close up the war in Korea, and he has done what we wanted him to do. He knows, his advisers know and apprehensive members of the Republican party know that they will be held responsible if there is a slip-up or a stalemate in peace negotiations.

History grinds on relentlessly. It isn't feasible any longer to blame all the world's chaos on Franklin Roosevelt, Harry Truman and Dean Acheson. There are new architects of foreign policy—and they are trying to carry out the ideas of the people who put them in office last November.

We have been living and learning. We know some things about foreign policy in Asia we never knew before.

We know there is no such thing any longer as an easy Asiatic war. The Chinese have emerged after centuries of importency as a strong military power. India is a sovereign state. Even the Repulic of Korea must be reckoned with, as long as it has a Syngman Rhee to pour on the mustard.

The Communist conspiracy has added to the white man's burden in Asia. But the Russian masters of the conspiracy are white men, too, and some day they will have to reckon with Mao Tse-tung as Americans have had to reckon with Chiang Kai-shek.

The strongest foes of Communism anywhere are time and experience. It cannot hold up over the long pull because it is founded on falsehood—that it is devoted to human freedom when in truth it relies on human enslavement.

Millions of Asiatics know that now. They will know more about it as time passes and they learn to dread the whips of masters more ruthless than any they ever knew in the past.

If there has been no satisfactory settlement of anything as far as Americans are concerned, we can at least find comfort in the knowledge there has been no settlement as far as Asiatics or the Kremlinites are concerned, either.

We have done, awkwardly and ineptly but in good faith what it is our destiny to do. We have stood up to be counted on the side of human freedom and against the despots.

As long as we continue to do that, the results will be historically sound. Our progress as partners in foreign policy may be slow but it will be in the right direction—toward freedom.

Creeping Capitalism

Thomas E. Dewey made a crack in a congressional hearing the other day that set some teeth on edge. Testifying in his capacity as governor of New York, he told congressmen opposed to his idea that Niagara River power should be developed by the state, instead of private companies, that if this was "creeping socialism," it began to creep 40 years ago.

Dewey isn't the first apologist for the superstate to fall back on this fatuous argument in support of turning over every thing to the politicians. Everybody who uses the argument, however, should be prepared to answer this question:

Are you opposed to "creeping capitalism"

No American in his right mind wants to turn back the highways or the schools to private enterprise. But no American who is not a politician or a political puppet wants to make it easy for the politicians to get their hands on everything. They need no encouragement.

In New York state, five private utility companies have pooled their resources to compete with the politicians for a chance to do something that will advance the public welfare.

What's wrong with helping creeping capitalists make a little progress now and then. They're doing it in Washington, where Gov. Dewey was testifying.

Legislative Hindsight

Something has happened to the ideal that this country will go to pot if it doesn't keep passing new laws.

What has happened is one of those intervals of legislative hindsight when it becomes clear that the country has all the new laws it needs, plus some it doesn't need.

Another thing that becomes clear in these intervals is that some of the new laws need the time test before they are acclaimed as white hopes of civilizatoin. Laws, being no more or less than ideas on which a certain amount of agreement has been reached, don't always pan out in practice.

This is a requiem for all the proposed ideas that didn't become laws during the legislative hurly-burly now drawing to a close in the state legislatures and in Congress. It is not written in sorrow or anger, just in thoughtfulness. Some of the ideas that didn't make it were probably killer-dillers. Some of the ideas that did make it were clinkers.

We doubt if the state of civilization will be affected one way or the other by Labor Day, or if most of us will remember what the fighting was about by Christmas, which now is only five months away.

Truman Armistice

By David Lawrence

Truce Will Plague Ike Throughout Term

Some of the observers here who are intimate with the White House staff and who write about things presidential and things political have recently fostered the notion of a dual personality in the White House — the "Real Eisenhower" and, presumably, the "Unreal Eisenhower."

The theory is that often what is done by President Eisenhower is based on the doctrine of what's good politically and is not what he would do instinctively if politics were no consideration.

One can imagine the feelings of Eisenhower, the soldier, and Eisenhower, the newly indoctrinated politician, as he ordered the truce in Korea to be signed.

As a soldier, he knows it's wrong—that's it's a military defeat and that victory could have been won by destroying enemy bases and sources of supply from the air with a minimum loss of life.

As a soldier, he knows that, since the enemy didn't get scared by NATO and the proposed European Defense Army right at its threshold in Europe, Soviet Russia wouldn't have involved itself in a third world war just to help out the Communist Chinese.

As a soldier, he knows that the U.N. didn't "repel aggression," because the Communists in North Korea now have 1,000,000 Chinese soldiers there and they didn't have them in June 1950 when the "aggression" started.

As a soldier, moreover, Gen. Eisenhower knows the difference between an armistice wherein you dictate terms of peace to the enemy, and a stalemate truce.

When you are the victor, you and your own allies agree on the terms and then you call in the delegates from the enemy and tell them to sign on the dotted line. America did that in World War II and in World War I, and in every international war in which we have participated in more than 100 years of our history — a glorious military record.

But, as a politician, President Eisenhower made the "peace in Korea" which he promised on the political stump last year. As a politician, he — and his party — can crow about it and contend that the Democrats who palavered with the Communists in conferences for more than a year and a half failed to do what the Republicans did.

Actually President Eisenhower agreed to most of the terms previously agreed to by President Truman.

If this is a political victory for Mr. Eisenhower, it is also a vindication of President Truman, who was really the first to propose that our forces stop the fighting in and around the 38th Parallel and abandon the idea of a military victory.

As a politician, however, Mr. Eisenhower's troubles are just beginning. For the logic of what has happened in Korea is as plain as anything ever was in politics.

To get the troops out of Asia brings a sigh of relief, but anybody who thinks the American voter in the last election was just concerned about Korea as a piece of geography has overlooked something.

Back of the Korean issue, as anyone familiar with politics in past campaigns must concede, was the draft.

The same politics which says, "Get the boys home from Korea," also commands the administration now to "Get the boys home from Europe, too."

The draft calls will go on. Or will President Eisenhower now advocate repeal of the draft law? As a soldier, he would say "No." As a politician, he may be tempted to say "Yes."

Politically the Korean truce will plague Dwight Eisenhower for the remainder of his term.

The Democrats are quiescent now but they will be vocal as the conference of U.N. delegates gradually demonstrates the hollowness of the claim that Korea was a "victory for collective security."

In Asia, the white man has lost face — he has been beaten. He started toward the Yalu and then quit.

To claim now that he meant only "to repel aggression at the 38th Parallel" is to say he has no business occupying the 2,300 square miles he at present holds north of the 38th Parallel — for, since he crossed the parallel, why didn't he get all of the territory to the north?

It was politics, just politics, that caused the Eisenhower administration to sign the truce in Korea.

Last March Gen. Bradley, in a speech at Palm Beach, let the cat out of the bag. He told of the plan to quit Korea.

This correspondent criticized that address and was told by high official that, while the speech had been "cleared" in a technical sense, it didn't represent administration policy.

Bradley, who is a golf pal of the President and accompanied him to Korea last December, knew whereof he spoke, and this correspondent publicly regrets that he misinterpreted what was at that time plainly a piece of big news — the decision of Gen. Eisenhower to follow the Truman policy in Korea.

But, just as Gen. Gradley once said, an enlarged war in Korea would be "the wrong war, at the wrong time and in the wrong place," so will the political forums of tomorrow soon be hearing the refrain that the armistice in Korea was "the wrong truce, at the wrong time and in the wrong place."

It would be well to wait till the congressioonal elections of 1954 — when the political orators let loose again — to determine just how much of a political boost the Republican party has gotten out of the Truman-Eisenhower truce in Korea.

Quiz Show Stupes

By TRUMAN TWILL

It occurred to me the other night while catching a TV quiz show out of the corner of one eye between paragraphs of a not-too-engrossing story that no one ever praises panel members who go blank.

They are hustled out of sight and mind like children who have shamed their parents by turning thick in the head in the presence of company, or puppies who have committed indiscretions on the living-room rug.

On this show the other night, there were two goons who went hitless for the whole performance. One tried to cover his discomfiture with a spatter of thin, tired little jokes. The other didn't try to corn up his failure; he just sat and glowered in his embarrassment.

Here but for the grace of obscurity, lack of agents and distance go 999,999 out of every million of us. The only thing that saves us is the fact we never get on quiz shows.

If we did, by some weird mischance, we'd be the louts who couldn't locate Washington's Monument and would be sent away in disgrace with a handful of soap, or a few packages of smokes, deprived forever of our chance at the new B-47, with Marilyn Monroe, or a reasonable facsimile, in the bomb bay.

This is something that has plagued me all my glassy-eyed life —this tendency to be struck dumb when it's time to tell what little I know. But by a tragic preversity of fate, when it's time to clam up, I become a babbling brook, running on and on like a broken faucet.

Things come to me in flashes of revelation that I haven't thought of for 15 years. Snappy comebacks rise to the surface of my mental awareness like bubbles in a pool. I remember dates, situations, names and places. I am a fountain of miscellaneous information.

But the very next time this would count for something I go blank. I cannot stand and deliver when the chips are down—and neither can a lot of goofs who work on quiz shows.

If the TV people are smart enough to put them on there to make the rest of us with the same affliction feel good, they are smarter than we thought they were.

Because they do make us feel good. Real good. We trot off to bed, laughing and scratching. The world must be full of lunkheads just like us.

It must be rule and not that human beings sag and collapse under pressure. Those girl geniuses who used to remember all the dates and names and draw down all the fat marks in school were freaks, after all, just as we always said they were.

The average patriot and taxpayer in this land of the big grab is not a whizz kid. He or she as the case may be, and it's not always easy to tell, is not very bright and must keep a stiff lower lip to hold back the drool.

Accept our condolences, fellow stupes of the TV panels. The difference between you and us is that we never get paid for being as stupid as you turn out to be for more money per 15 minutes than we expect to make in 15 weeks.

If they'd only pay US!

Gaaa.

Cold War Gimmicks May Backfire

By Richard Fryklund

A Senate foreign affairs subcommittee has under condiseration one of those fascinating cold-war ideas which, on first study, would seem to give the United States a "Heads - I - win - tails - you - lose" advantage in the fight against Communism.

The scheme is simple and bold: We merely extend full diplomatic recognition to the two "independent" Soviet Socialist Republics of the Ukraine and Byelorussia.

Each "republic" now has its own delegation and vote in the United Nations, just as if it were free and independent. Their independence, of course, is a Soviet fiction.

If we offer full diplomatic relations—ask to send ambassadors and open embassies in the "capitals' of Kiev and Minsk—we put the Kremlin on the spot.

If Moscow says no and does not permit an exchange of ambassadors, then the Communist leaders will be admitting that their "union" of independent "Socialist Soviet Republics" and the constitution that calls them independent is so much hogwash.

If Moscow says yes, then we would gain listening posts in two important areas of the Soviet Union.

Regardless of the way Moscow answered, we would have assured the Ukrainians and Byelorussians as well as all other peoples under the Communist heel that we are working toward the day of their liberation.

The restless subject peoples would be encouraged and the Kremlin would be faced with two choices, either of which would increase internal restlessness.

On closer study the proposal reveals a possibility of serious repercussions. The State Department said the proposal, introduced as a bill by Rep. Lawrence H. Smith, "would not be in the best interests of the United States."

Here are the two principal reasons:

First, full diplomatic recognition would bolster the Soviet lie that these areas are independent and are free to stay in the Soviet Union or withdraw—or stay in, but conduct their own foreign relations.

Second, American public opinion would not hold still for a further increase in the number of Communist missions in the United States (the two "republics" would, of course, set up independent embassies in Washington) or for further recognition of the Red rulers of the Ukraine and Byelorussia.

Another serious objection comes from spokesmen for some of the other minority groups in the Soviet Union. Their position is this:

Almost all people in Soviet Russia, whether in the 16 "republics" or in greater Russia itself, are agreed in their bitter opposition to the Communist regime and, if united against the Reds, could be a force leading to the disruption of the Red government.

If the United States promoted the idea of independence in these "republics," controversies would be stirred up all over the USSR. These could interfere with the unified opposition to Communism.

This criticism of the recognition plan is disputed by other students of the Soviet Union.

Dr. Lev E. Dobriansky, Georgetown University professor and president of the Ukrainian Congress Committee of America, is probably the foremost spokesman for the plan. He says full recognition of the Ukraine and Byelorussia would not bolster the independence myth, first, because the Kremlin would probably turn down the offer on behalf of the "republics"; second, the congressional resolution urging recognition clearly states that we do not believe this myth of independence; third, no one in the world would be fooled into believing that our recognition gambit would change in any way the subject status of the peoples in these "republics," and, fourth, we already "recognize" the Ukrainian and Byelorussian governments in the United Nations, so an exchange of ambassadors would not change their status.

If it is a mistake to recognize these "republics," Mr. Dobriansky believes, then the mistake was made when the U. N. was organized. Let's go ahead now and capitalize on the mistake, he urges.

Professor Dobriansky also disagrees with the Soviet emigres who stress unity among the minority groups.

He says independence movements in the "republics" now are giving the Kremlin much trouble and were partly responsible for the downfall of Lavrenti Beria. We should encourage this "centrifugal force" within the Soviet Union and help it pull the phony Colossus apart.

The House subcommittee has not announced a decision on the Smith resolution.

Whatever the outcome, one thing has been demonstrated: psychological-warfare gimmicks may appear to be useful in confounding the Communist enemy, but each move should be studied carefully to be sure it doesn't backfire.

Disciplining Teachers

By Edward Nellor

A Senate committee has tossed the question of disciplining teachers collaborating with the Communist conspiracy back into the laps of college and university presidents.

In a wind-up report following six months of hearings, the Senate internal security subcommittee report, issued by Sen. Jenner, chairman, made the following recommendation:

"The educational authorities give consideration to the establishment of criteria and the initiation of procedure whereby schools, colleges and universities can eliminate teachers who have demonstrated their unsuitability to teach," because of association with or participation in Communist activities.

The report stated that as this purpose the subcommittee sought to document the pattern of subversion which appears to interfere in the educational system of the nation in so many colleges and universities.

More than 70 teachers and professors, many of whom claimed the privilege of not risking self-incrimination under the Fifth Amendment, have been released from schools since testifying before the Jenner subcommittee.

Schools and universities were also urged to set up positive programs, under qualified experts in the field of combating Communism, "to teach both teachers and students the nature of the Communist conspiracy that is attacking the whole structure of our society."

Robert Morris, chief counsel of the subcommittee, said senators considered this recommendation the most important in the report. He said that it is the answer to those who insist on teaching the doctrine of Communism in schools.

The subcommittee believes that, if Communist government structure and socialist aims are legitimate courses of instruction, so are courses in the methods and successes of Communism in subverting, spying and overthrowing peaceable governments.

Other recommendations were:

That states and educational institutions give consideration to the program adopted by the state of California, and the several colleges and universities therein, which, recognizing that subversion in the educational process is a matter of public concern, has put into operation a program that provides for a reservoir of security information, the free exchange of security information between colleges and legislative committees, and means whereby the facilities and powers of state agencies are made of service to educational institutions.

That the internal security subcommittee continue to support Senate Bill 16, giving Congress the power to grant immunity to certain witnesses, and, in the event of its enactment into law, review the evidence taken by the subcommittee during this session of Congress with the object of recalling certain witnesses who have refused to testify.

The subcommittee has one more report to issue before going out of business for the remainder of this year.

That report will deal with the pattern of Red infiltration in the government.

The Book That Burns Readers

We have been reading "The Strange Case of The Earl Jowitt" . . . opps, so sorry! . . . we mean "The Strange Case of Alger Hiss" and are prepared now to hear momentarily from the British jurist that American justice went all wrong in the Ruth Snyder case, the decisions in Leo Durocher's last three disputes with umpires, the jailing of Frankie Costello and the conclusion that Eisenhower won the last election.

We have sent our agent to England to put to Jowitt the following questions:

1—Is it true or false that you believe the whole Bill O'Dwyer matter should be reopened because your review of the Kefauver hearings shows O'Dwyer was really a character named "Snowwhite" and that there was no such person as Rudolph Halley within the meaning of British law?

2—Do you hold that the transfer of the Boston Braves to Milwaukee was illegal on the basis of a transcript of the full proceedings and that the club would still be in Massachusetts if a British court had jurisdiction?

3—Have you studied all of Native Dancer's performances and decided that his only truly run race was in the Kentucky Derby, all the other races being inadmissable?

4—Would you be interested in a proposition to turn out a book showing that American jurists forgot to touch second in the cases of Teapot Dome, Ponzi, Boss Tweed and all rulings to date in suits over infringement of zipper patents?

-:-

The Earl Jowitt, a former lord chancellor in the British Socialist government, may not have written the book of the month but he certainly has given us the Egotism of the Year. He never saw a witness, heard one give evidence, or knew anything about the case until somebody (and the $64 question is who?) sent him a complete transcript of the trial.

But he goes to bat for Alger Hiss, gives Chambers 25 yards for clipping and rules that, viewing the matter from London Bridge, American prosecutors and judges belong on Quiz Kid programs.

-:-

Well, anyhow, this is the first case where a book burned a reader. And it is burning thousands of them at $3.95 per burning.

Here is a jurist in a country that takes it easy with atomic bomb spies (putting the top one back in circulation after a short hitch in a cosy hoosegow) leaping into print to show the mistakes America makes in similar situations!!

He was so wrong on his facts in the first edition that the sale had to be stopped for corrections. If he is even close to right in the revised edition our courts are in a bad way.

Have a nice summer, Jowitt, old top! And if you get a couple of free afternoons let's know how erroneous we were in the proceedings against those basketball fixers.

We wonder how Harold Stassen feels after reading the British Board of Trade's own figures showing that the sale of strategic goods to Red China have reached a new high and are on the increase; and a British spokesman's statement, "Britain cannot live without trade and considers it to the advantage of the free world."!!! Of advantage to the free world to help kill the free world's defenders, ya mean!

Associate Justice William O. Douglas of the U.S. Supreme Court has been divorced by his wife of 30 years, on a desertion plea. He went for a trip to national fame and never returned, as it were.

Methodist Church Dedicated in Two Wyandot Services

Two services at the Wyandot Methodist Church Sunday marked dedication of the newly reconstructed church building and 125 years of Methodist work in the community. Good attendance was reported at both morning and afternoon meetings. At 11 a.m., the pastor of the Wyandot Baptist Church, the Rev. Ray McMillan, and his congregation joined in the worship service at the celebrant church of which Dr. B. F. Crawford is pastor.

The morning speaker was Dr. Rollin H. Walker of Delaware, professor-emeritus of English Bible at Ohio Wesleyan University, Delaware, and in the afternoon, the dedication speaker was the superintendent of the Lima District Methodist Church, Dr. Harold F. Kellogg.

Dr. Walker's subject was "The Sacrifices of Jesus for Our Sakes," and Dr. Kellogg gave a sermon on "The Sickness of Our Century." in his message he spoke of the "sickness" of the eighteenth century and told how men like John Wesley, founder of the Methodist Church, did much for its cure. He said that the churches have a "challenge today to move in and heal the present hurt of our world.' '

A former pastor of the church, the Rev. Fred Ross, spoke briefly, and the church's building committee, Mrs. Charles Cover, Lynn Lepley and Miss Ethel Davidson, reported financial obligations of the reconstruction work paid in full.

More Rebels Killed In Cuban Revolt

HAVANA (AP)—Cuban Army units in a battle near Santiago last night killed six men identified as remnants of last weekend's unsuccessful revolutionists.

A government report said three soldiers were wounded, one seriously, in the exchange.

Unofficial reports previously had listed a total of 38 insurgents and 16 Army and police dead in the abortive attacks early Sunday on an Army barracks in Santiago and a police post near that city in east Cuba.

The government reported more than 200 men made the original attacks. Troops are still pursuing the remnants, reportedly about 50.

Marriage Unites Miss Robinson and Sgt. Kenneth Mull

In a candlelight ceremony Monday evening, July 20, in Trinity Baptist Church, Miss Mary Claire Robinson became the bride of S-Sgt. Kenneth Ray Mull. The bride is the daughter of Mr. and Mrs. Frank C. Robinson, 538 S. Prospect St., and his parents are Mr. and Mrs. Lawrence M. Mull, 354 Franklin St.

An arrangement of white gladioli, palms and lighted candles in candelabra at either side decorated the altar for the 7:30 o'clock ceremony read by the pastor, Dr. J. B. Holloway. Candles also were along the choir loft and in the windows at the sides of the church. Organist for the service was Glenn McClaskey.

The bride, given in marriage by her father, wore a street-length dress of light blue organdy. She carried a white Bible topped with a corsage of yellow roses and showered with white streamers.

Attending the bride as maid of honor was Miss Annette Jane Harty, and bridesmaid was Miss Virginia Mae Thomas. Their street-length dresses were of organdy, Miss Harty in light pink and Miss Thomas in light yellow. They wore headdresses of carnations to match their gowns.

Richard Mull served as best man for his brother, and ushers were Gene Mull, brother of the bridegroom, and Dale E. Robinson, brother of the bride.

Immediately following the ceremony, a reception was held in the church parlors. Bouquets of white asters and gladioli decorated the table. Serving were Miss Mary Jane Taylor, Miss Marilyn Endicott, Miss Wanda Dennis, Mrs. I. H. Taylor, Mrs. Glenn Robinson and Mrs. Dale Robinson.

The couple plans to leave soon on a trip to New York and then on to Puerto Rico by airplane. They will make their home at Ramey Air Force Base, Puerto Rico, where S-Sgt. Mull is stationed with the Army Air Force.

Mrs. Mull, a graduate of Harding High School with the class of 1951, has been employed in the office of the Marion Power Shovel Co.

For the rehearsal party on Saturday evening, July 18, Mr. and Mrs. Glenn E. Robinson were host and hostess at the home of the bride's parents. Miss Robinson presented jewelry, handkerchiefs and hand-made aprons to her attendants, and S-Sgt. Mull gave cuff links and tie clasps to his best man and ushers.

Out-of-town guests at the wedding included A-1c and Mrs. Guy Stoner Jr., Ramey Air Force Base, Peurto Rico, Mr. and Mrs. E. W. Francis, Columbus, Miss Priscilla Haberman, Westerville, Miss Lucille Dawson, Hammond, Ind., Mr. and Mrs. William McGlothlin, Morral, and Mr. and Mrs. Jack Somerlot, Marysville.

Serving as associate hostesses were Mrs. Clarence Weber, Mrs. E. W. Imbody, Mrs. Robert Hurley and Mrs. C. V. Hudson.

Thirty-three members and one guest, Mrs. Merle Hughes, a former member, were present.

Mrs. H. E. Webster presided for the meeting and named five members, Mrs. Clarence Long, Mrs. E. W. Thompson, Mrs. George Stafford, Mrs. Robert Hedges and Mrs. E. C. King, to serve as a nominating committee for annual election of officers.

A report on a recent Garden Center meeting was given by Mrs. G. M. Roberts. Plans were made for Mrs. E. W. Thompson, chairman of the bookshelf committee, to purchase a book for the Garden Center shelf of the Marion Public Library in memory of the deceased members of the Green Thumb Unit, Miss Mary Kull, Mrs. Clyde Ullom and Mrs. C. Bosca.

In a surprise program, members were supplied with crepe paper, pins and garden flowers with which to make hats. The creations were modeled and first prize went to Mrs. John Gries, first, Mrs. C. V. Hudson, second, and Mrs. C. H. Bachelder, third. Mrs. Clarence Meister was in charge of the program.

The next meeting will be a 1 o'clock luncheon Aug. 28 at Hotel Harding.

LAUSCHE VETO HIT

COLUMBUS, Ohio (AP)—The Ohio Farm Bureau Federation has criticized Gov. Frank J. Lausche for his veto of the Wheeler Bill which would have distributed the state's 12 million dollar share of motor vehicle license fees to local governments. The Farm Bureau said if the legislature does not override the veto, cities, counties and townships will be without necessary funds to make needed road improvements.

Race Issue

By George Sokolsky

For many years, Max Yergan was a Negro leader associated with Communists. He and Frederick Vanderbilt Field operated an enterprise to influence Negroes to support the Communist line.

SOKOLSKY

Several years ago, Yergan saw the light, and a fight on ideological grounds with Field who literally dispossessed Yergan from his office.

I have observed Yergan's conduct for five years and slowly reached the conclusion that this man had walked the road to Damascus and has seen the truth.

At any rate, in a quiet, unobtrusive manner he has been fighting Communism among the Negroes, undoing the evils he had formerly wrought. This he has been doing without personal benefit.

-:-

THE BASIS of Communist activity among Negroes is racism. While the Communists preach loudly that they oppose racism, actually their work achieves an accentuation on race, an overemphasis of what has, in the past 20 years in this country, come to be known as minority problems.

Search the literature, say, in the years between 1900 and 1930 for the word, minority, as applying to American citizens and it will rarely be found.

It is a continental European concept, emphasized during World War I and recognized in Woodrow Wilson's Fourteen Points.

Since 1930, that word has become common parlance and many Americans actually believe that they belong to a minority.

Now that Yergan is definitely on the American side of the fence, he finds himself in a fiery conflict with the National Association for the Advancement of Colored People, which is the Negro defense organization in this country, fighting racial discrimination with considerable vehemence. Its guiding spirit is Walter White.

-:-

ALL SO-CALLED defense organizations sooner or later become so hipped on racial problems that they create racial antagonisms, unwittingly, it is true, by their very existence.

Whereas they seek social justice, they actually only too often stimulate antagonisms which defeat the ends they seek.

Yergan stated this idea in the course of his controversy with the N.A.A.C.P.:

"The majority opinion of the country has for over three-quarters of a century supported the theory of full citizenship for all. The idea is embodied in the Constitution and though slow, at times, to find fullest expression, it is now, with sweeping rapidity, being expressed at most levels of our country's life.

"It is not too much to say that public policy in the United States is today based on the theory and practice of first class citizenship for all its citizens. I do not say that that goal has been reached.

"What is of highest importance is that America is committed to that principle and that is the direction in which we are rapidly traveling."

-:-

FURTHER, he attacks the heart of the problem in reference to a position that Walter White took. Yergan said:

"What is Mr. White's warrant for trying to set up two separate entities: 'the Negro' and 'America'? Negroes are Americans and some 15 million Americans are Negroes.

"The battlefields of Europe and Korea bear eloquent testimony to this fact. When he seeks to set us apart rather than acknowledge our growing unity, Mr. White does a distinct disservice to the cause of inter - racial progress in America.

"Our problems are to be solved within our National family; certainly not with other National communities.

"I know of many thousands of Asians and Africans who will be highly amused by Mr. White's argument about our losing 'their support'.

"One of the best things we can do, and in this Mr. White should help and not hinder, is to make known to the world the significant story of inter - racial progress and the substantial progress among Negroes in our country."

-:-

AND THAT is the point of the matter. While every effort should be made to prove how well off all classes of Americans are compared with identical groups in other parts of the world, these various defense agencies, by their unwarranted emphasis on our differences, which in a free society must be numerous, create the utterly false impression that we live here in an atmosphere of hate.

Such an emphasis may give these defense organizations a reason for existence, but they could serve America better on the constructive side.

Only those groups benefit the United States which increase cooperation and mutual aid among the components of the American population.

Door Slammed On Deal With Reds by Dulles

U.S. Won't Trade U.N. Seat for China To Get Korean Unification

WASHINGTON (AP)—Secretary of State Dulles has virtually eliminated the possibility of making a deal with the Reds for unification of Korea.

Instead, he appeared to be shaping a policy similar to that of the West towards Germany—sticking to principles, counting on the attraction exerted by the free world on Communist satellites, and constantly keeping open the possibility of unification.

As applied to the Korean situation, such a policy contemplates failure of the forthcoming political conferenc to achieve Korean unification. Thus it sharpens the problem of what to do about South Korean President Syngman Rhee's threat to resume fighting for unity if it is not accomplished by agreement 90 days after the conference opens.

Dulles will fly to Korea, leaving here next Sunday morning. One of his principal tasks well may be to try to persuade Rhee not to resume the war, whatever happens in the political meeting.

Meeting reporters for the first time since the armistice, Dulles said yesterday:

"As far as I personaly am concerned, I think I have made it clear I would not be prepared on behalf of the United States to try to buy the unity of Korea at the price of a concession which would involve bringing Communist China into the United Nations and, above all, into the Security Council."

If the issue arose, he said, the United States would use its influence with other nations to swing a vote against U. N. admission of the Peiping regime.

Under questioning, he declined to say flatly that the United States would, if necessary, veto Red Chinese membership but he did say that the United States has the right of veto if it wants to use it.

Postmaster Exam Set at Bucyrus

Special to The Star

BUCYRUS—Another civil service examination for the Bucyrus postmastership was announced today in Washington by the U. S. Civil Service Commission. Deadline for filing applications for the $5,870 a year post is Aug. 25.

An examination was called last January with about a dozen Bucyrians making application for the position. In March, the examination was cancelled and civil service commission authorities said a new examination would be called at a later date.

Cline W. Warnock, president of the First Federal Savings and Loan Association, was named acting postmaster May 30 following his endorsement by the Crawford County Republican Executive committee. He succeeded Richard L. Hertzer, former Democratic mayor of Bucyrus, who had been acting postmaster since July 1, 1951.

Defense Bill

(Continued from Page 1)

the 13 regular money bills Congress must pass to run the government in the fiscal year which started July 1 are still in Congress. Eight have been sent to the White House—three of them yesterday, carrying funds for the Labor and Welfare Departments, for a score of non-departmental agencies, and for the District of Columbia.

Three of the money bills have not yet passed the Senate; the remaining ones are in the process of being compromised. Still to pass the Senate are appropriations for foreign aid, slated for action today, for Congress itself, and for a number of miscellaneous agencies including the Voice of America and civil defense.

The foreign aid bill was slated to follow Senate action on an emergency immigration measure, on the administration's "must" list. The House passed its version last night.

Two other measures being pressed by the administration are stymied in conference committee thus far unable to agree on resolving Senate-House differences. They are an extension of the Reciprocal Trade Act and a measure to provide for development of mineral resources in the continental shelf.

One possible obstacle to early adjournment, a bill to hike postal rates, was shelved yesterday by the House Post Office Committee. Postmaster General Summerfield termed the action "regrettable" and voiced hope for early action when Congress returns in January.

In its present form the defense money bill carries more than 11 billions for the Air Force, nearly 13 billions for the Army, about 9½ billions for the Navy and Marines and about 770 millions for the office of the secretary of defense.

Nevada Street Festival Aids Crippled Man

Special to The Star

NEVADA—A two - day street festival here Friday and Saturday to help a former Nevada man who is paralyzed in the legs, arms and hands, was a success, its sponsors said today.

Proceeds were estimated at $2,500, which is $500 over the goal set. However, the money won't be totaled up until tonight at a business meeting.

Members of civic, church and fraternal organizations took part in raising the money to pay James Starner's hospital costs.

Starner, 35, is the son of Mr. and Mrs. Dorsey Starner of Nevada.

His wife and five - year - old daughter now reside in Canton and Starner is a patient at Spears Chiropractic Sanitarium and Hospital at Denver, Colo. The money will be used for Starner's continued stay there. His treatment is expected to be lengthy. Approximately $2,400 was received earlier in public donations from Canton residents for his hospital expenses.

Starner was working at the Timken Roller Bearing Co. plant at Canton when the paralysis struck in 1949. He claims it is connected with an injury received while serving with the U. S. Army in the South Pacific during World War II, but medical records have not been able to establish his claim.

The festival here included refreshments served by women of the churches, games, pony rides, a cake walk, a street dance, a bazaar and a talent show and concert by the Nevada School band.

Members decided to discuss the procedures and decide which to follow at the next executive meeting set for Monday at 8 p.m. at the Y.

The final swap in the complicated signing of the Korean armistice documents took place at Panmunjom today.

The documents were first signed in the Oriental-style hall here Monday by senior truce negotiators from each side.

Half of the 18 copies were taken to Munsan for the signature of Gen. Mark W. Clark and half to North Korea for the signatures of the Red high commanders.

Next, the documents had to be swapped again so the top commanders could sign the set already bearing the other side's signatures.

In today's armistice commission conference, the Allies presented the Reds a proposal for civil shipping on the Han River Estuary. The U. N. also turned over a proposed agreement on marking vehicles, credentials, aircraft markings and other details. The Reds in turn handed over samples of the markers they will use to set off the northern boundary of the buffer zone.

County School Officials Hear Discussion on Driver Training

Representatives of county school boards of education, together with county school superintendents, attended a meeting Monday night in which school driver training programs were discussed.

Moderator for the meeting held in the Claridon School and sponsored by the Marion County Farm Bureau in cooperation with County Superintendent of Schools D. T. Mills was Kensel Clutter.

Clutter, president of the board of directors of the Marion County Farm Bureau, told the assembled group that the meeting was an outgrowth of a resolution passed last year by the farm group stating they were in favor of safety education and driver training in schools.

First of the panel speakers was state highway patrolman E. P. Goffos, assigned to work wtih driver training classes in area schools, who told of the necessity of driver training.

Telling the group about the driver training class he has taught the last three years at North Robinson High School in Crawford County was H. J. Gary.

Paul Landis, director of the division of health, physical education, recreation, and safety of the state board of education, discussed the requirements of teachers who have charge of driver training courses.

A letter was read to the group from M. E. Baldwin, secretary of the Marion Automobile Club, who was unable to attend the meeting. In the latter Baldwin told of the arrangement the Auto Club has with a local automobile agency in furnishing a dual-control car to Harding High School for their driver training class. The Automobile Club also furnishes textbooks used in the classes.

George Kennedy of the Short-Ford Company explained provisions of the contact entered into by his company, the school, and the Automobile Club. He also brought for the group's inspection the dual-control car used at Harding.

Mills then explained to the group what would be necessary to inaugurate a driver training program in county schools with the possibility that several schools might share a teacher and car, or on an individual school basis.

Following discussion, refreshments were served by the Jolly Neighbors Advisory Council.

He said he had taken it from his brother but promised not to do it again. The judge commented that he wouldn't do it again for at least the next 30 days as he imposed the sentence.

Train Kills Former Marion Resident

Funeral services for Ernest Daniel Middleton, 38, a former Marion man who took his own life at Hepburn early Tuesday morning, will be held at Kenton Thursday at 2 p.m.

He was killed at 4:10 a.m. Tuesday when struck by Erie eastbound train number 30 at Hepburn. Train Engineer R. O. Stout of 374 Davids St. said the train was traveling at 40 miles an hour when the locomotive wheels struck Middleton, who had thrown himself on the tracks.

Stout immediately stopped his train and he and conductor R. W. Whitted of the Smeltzer Rd. called the Erie Depot at Kenton which in turn notified Hardin County Sheriff Clarence Brown. The Coroner later ruled the death a suicide, Sheriff Brown said.

An employee of the Baker Wood Preserving Co., Middleton resided at 773 E. Mark St. until last Saturday when he and his family moved to Hepburn. He had moved to Marion from Hepburn about 10 years ago.

Sheriff Brown said Middleton apparently was despondent over ill health. He had been ill for the past week, Brown reported.

Born December 18, 1915 in Harlan County, Ky., he was a son of Mr. and Mrs. Joseph Middleton, who now reside in Miamisburg, Ky.

He is survived also by his wife Stella; four daughters, Lula Belle, Carolyn Sue, Joanne, and Silvia and one son, Richard all at home. Eight brothers and one sister surviving are Reuben of Lima, Edward of Upper Sandusky, John of Marion, Henry of Miamisburg, Ky., James and Leonard of Crab Orchard, Ky., Joseph William of Tennessee, Coy of Dayton, and Mrs. Russell Dunaway of Stanford, Ky. One brother and one sister preceded him in death.

Services will be at 2 p.m. Thursday at the Schindewolf, Steiner and Stevens Funeral Home at Kenton with the Rev. Raymond Hite officiating. Burial will follow at the Grove Cemetery. Friends may call at the funeral home any time after 4 p.m. today.

Taft

(Continued from Page 1)

fortably." He was reported not to be suffering any pain.

Yesterday was the first day of serious reports on the 63-year-old Ohio Republican, who has been at the hospital for several weeks for treatment of a hip lesion.

His wife Martha was brought to his bedside yesterday for her first visit to him since he entered the hospital. The day also marked the first time the hospital had issued more than one bulletin on his condition.

Besides Mrs. Taft, the senator was visited by two of their sons, Lloyd and Robert Jr., yesterday and last night.

A third son, William Howard Taft III, American ambassador to Ireland, will fly to New York tonight, the U. S. Embassy in Dublin announced today.

Taft's sudden turn for the worse stirred speculation in Washington concerning changes in the national political scene if his illness should force him out of the Senate permanently.

It could mean that the Democrats, although reported reluctant to do so at present, would wind up in control of the Senate. Gov. Frank J. Lausche of Ohio is a Democrat and would be considered likely to name a Democrat to fill the spot. This would shift a GOP majority of one to a Democratic majority of one.

Hospital bulletins so far have given no clue to Taft's ailment. On July 8 he underwent an exploratory operation. Since then the hospital bulletins reflected optimism and it was announced he would return to Washington today. On Monday, however, the hospital said he would remain here indefinitely.

Man's Cigaret Sets Bedding Afire; New Code Trips Him Up

Marion's newly-adopted code received a quick workout Tuesday, less than 24 hours after it went into effect.

Robert A. Montgomery, 38, of Toledo was arrested under the section which adopts the fire code of the Fire Prevention Bureau of the American Underwriters Insurance Co. Police reported he went to bed Sunday night in his room at Hotel Harding with a lit cigaret. He fell asleep and the bedding caught fire.

Police say he tried to extinguish the fire but was not successful. He then put the burning bedding into the bathroom, checked out of the hotel and left. Hotel employees discovered the fire, extinguished it and at 11:48 notified police. Police arrested the man at a place of business on Orchard St.

Montgomery was charged with violating the section of the fire code which makes it unlawful to place any burning material near or against other combustible material.

In Municipal Court today, Judge W. Dexter Hazen fined Montgomery $50 and costs and suspended a 30 day jail sentence on the condition the man pay for the $259 damage which resulted from his actions.

Union Rejects Gas Co. Offer

CLEVELAND (AP)—Local unions in four cities have authorized the Independent Natural Gas Workers to strike against the East Ohio Gas Co., if necessary.

The Akron local Tuesday night became the latest to approve a strike, rejecting a company offer of a three per cent wage increase by a vote of 78 to 7. The others are the Cleveland, Youngstown and Warren units of the union, which represent 2,502 East Ohio employes in service, operating and clerical departments.

A fifth local at Canton reportedly voted to accept a four per cent boost. But the union said a company negotiator tentatively offered four per cent, then withdrew it. The union's sixth local, at Barberton, has not yet voted.

The union is seeking a seven per cent hike. Current pay scales were unavailable.

State Legislator Standing Trial in Alleged Molesting

COLUMBUS, Ohio (AP)—A Columbus policewoman, clad in the clothes she wore when a state legislator allegedly molested her, will take the stand today to continue testimony in his trial.

Defense Atty. R. A. Hawley, asked Policewoman Margaret Stiver to wear the play shoes, cotton skirt and blouse she had on June 3 when Rep. James J. Barton (R-Cuyahoga) allegedly accosted her on the state house grounds in Columbus.

Miss Stiver, wearing her blue police uniform Tuesday told the court Barton invited her to sit in with him in his automobile, then asked her to meet him in his hotel room. After he handed her the key to the room, she said she asked him:

"Are you propositioning me?"

She testified he answered: "No, but when I get you to the hotel room you'll be propositioning me."

Barton has denied molesting the woman. He said he was the victim of mistaken identity.

Protest Lodged

Ike's Choice of Byrnes For U.N. Post Criticized

WASHINGTON (AP) — Nomination of Gov. James F. Byrnes of South Carolina, no stranger to controversy, as a U. S. delegate to the United Nations General Assembly, has touched off a protest.

Walter White, executive secretary of the National Association for the Advancement of Colored People, said Monday in a telegram to President Eisenhower that Byrnes' appointment would be "widely interpreted as an abandonment by the United States of its championing of human rights."

White House Press Secretary, James C. Hagerty declined to comment on the telegram, in which White said Communists could brand Byrnes "a proponent of racism and a foe of democracy."

White lashed out especially at Byrnes' threat to close the public schools in South Carolina if the Supreme Court should rule that racial segregation in schools is unconstitutional.

Byrnes, 74-year-old Democrat, promised in his campaign for governor to maintain segregation in the schools and also to suppress the Ku Klux Klan in the state. In accordance with the latter pledge, a law against masking and intimidation was enacted.

Byrnes served in both houses of Congress and was appointed to the Supreme Court by the late President Franklin D. Roosevelt. Later he became head of the War Mobilization Board, with such broad power that he was known as "assistant president."

Former President Harry S. Truman named him secretary of state in 1945. In this office he advocated a firm policy towards Russia, particularly after the end of World War II inaugurated the period of Russian expansion in Europe.

The dismissal of Henry A. Wallace as secretary of commerce followed Byrnes' protest against Wallace's criticism of his Russian policy.

Byrnes resigned as secretary of state in 1947, but returned to public affairs in his successful campaign for governor of his native state in 1950. After the Korean War began, he advocated such measures as bombing Manchurian bases and blockading China.

He supported Eisenhower for president.

Newsmen were told Monday in Charleston, S. C., that he would retain the governorship.

President Eisenhower also nominated as delegates Henry Cabot Lodge Jr., chief of the U. S. mission to the U. N.; Reps. Frances P. Bolton (R—Ohio) and James P. Richards (D—SC). Secretary of State Dulles is automatically a representative.

Nominated as alternate delegates were Henry Ford II, president of the Ford Motor Co.; Archibald J. Carey Jr., Chicago, a minister in the African Methodist Episcopal Church; James D. Zellerbach, San Francisco, board chairman of the Fibre Board Products Co.; Dr. Charles W. Mayo, Rochester, Minn., and Mrs. Oswald B. Lord, a member of the U. N. Human Rights Commission.

Proposed nomination of Gov. George N. Craig of Indiana, a Republican, as a delegate, reportedly ran afoul of objections by Sens. Capehart and Jenner, Indiana Republicans, that they had not been consulted.

Craig said yesterday in Indianapolis he had declined the appointment because of a state constitutional provision.

She's No Queen

Red Dragon Lady's Act Fails To Impress Yanks

By GEORGE MCARTHUR

WESTERN FRONT, Korea (AP)—American marines Tuesday got their first look at the Red Dragon Lady, the Communist siren with a loudspeaker.

She should have stayed at home.

The Dragon Lady and a troupe of Chinese entertainers came out on a front-line outpost hill and staged a show for the Marines a few hundred yards away.

The Dragon Lady has been making front-line broadcasts for months. There may be more than one Dragon Lady doing the same thing along the front but the Marines have been hearing her regularly, singing Korean and Chinese songs and making propaganda broadcasts.

She had never been seen by Allied troops, so when she appeared yesterday in the open, broadcasting with a microphone from the small hill, Marines dived for telescopes and field glasses.

They saw a slight, moon-faced girl dressed in a very faded khaki uniform. She wore a slouch cap pulled down over her long straight black hair.

Her shoes were the regulation canvas and rubber shoes worn by ordinary soldiers. If she had any glamor the Marines couldn't see it.

The Chinese put on an Oriental road show for the Marines.

They said that now that an armistice was signed and the fighting stopped they hoped the Americans would go home soon.

Personally, one Marine said, he thought it was a good idea.

The Chinese entertainers spread banners saying, "Long live peace."

They put up another sign simply spelling "Peace."

"The band came out. They had what passed for a french horn and a trumpet," said Sgt. Ted Moyes, Manning, S. C.

They also had two small Chinese cymbals and an apparatus that looked like a tom-tom and was played the same way.

A couple of Chinese started waving long red and yellow banners and the band struck up something or other.

"The racket could be heard a mile," said Pfc. Carl Loker of York, Pa.

The Marines have another name for her but use the term Dragon Lady in polite society.

"That bag is ugly," said Pfc. Tommy Williams as he peered through a telescope. A line of men waited their turns at the telescope.

The Dragon Lady appeared to be about 21 years old. She was hardly five feet tall and her figure remained a mystery beneath her shapeless uniform.

She sang several Korean and Chinese songs in a soft, pleasant voice.

The Marines appreciatively knocked off work and listened.

It wasn't much of a show but they admitted it was highly unusual and the only show they had at the time.

Finally, the Dragon Lady sang the plaintive "Arirang," Korea's most popular song and then broadcast in her lisping Oriental voice, "Goodby, Americans, Goodby, Goodby."

SHOT MOM. Harold Howlett, 4, visits his mother in a hospital in Brownwood, Tex., where she is recovering from a gunshot wound that broke her jaw. Mrs. Faye Howlett, 25, and her son were attending a ladies' social when Harold discovered a pistol behind a bed. He aimed it at his mom and pulled the trigger, thinking it was to toy gun. The bullet fractured her jaw.

Former Lecturer At Wooster Found Guilty of Bigamy

INVERNESS, Scotland (AP) — A former lecturer at an Ohio college has been convicted here on a bigamy charge and sentenced to four months in jail.

The man's name was listed as Robert Michael Parkin. At Wooster, Ohio, Arthur S. Southwick, registrar at Wooster College, said Parkin had formerly lectured there under the name of Robert Peters. As Peters he was deported recently from the United States for overstaying his visitor's permit and accepting employment.

Parkin was convicted here on charges that have been standing since 1946, when British officials arrested him on charges of marrying two English women. He left the country before a hearing could be held, traveled in various parts of the world including Canada, and ended up in Ohio.

Ashley Rebekah Circle Holds Annual Picnic

Special to The Star

ASHLEY—The Past Grande Circle of Ashley Rebekah Lodge held the annual picnic on the lawn of the Lelah Stephens home here Thursday night.

Following the seven o'clock supper, Mrs. J. P. Markley, the new president, had charge of the session and Mrs. Albert Goodman conducted devotions, reading, "Peace" from the Upper Room, with comments by Mrs. Markley.

It was decided to send circular letters to Mrs. W. L. Davis and Mrs. Virgil Crist, who are ill. It was voted to hold a bazaar in October. The "secret sisters" project will be continued until October.

Contests by Mrs. Goodman and Mrs. Cecil Gardner were won by Mrs. Harold Baker and the hostess.

Woman To 'Shoot' Men When POWs Are Freed

SEOUL (AP) — A woman will "shoot" the men when American prisoners of the Communists are returned beginning next week in "Operation Big Switch."

American Red Cross photographer Dorothy Kniss Moore of Chicago has been assigned the job of photographing each American prisoner when he is brought to Inchon to board a ship for the journey home.

The photographs will be airmailed to the families and should arrive before the men get home.

Famous Designer of 'New Look' Announces New Fall Fashions

PARIS (AP)—Christian Dior, who brought skirts down with the New Look, is out to shorten them again, this time nearly to the knee.

The famed designer christened his new skirt length—16 to 17 inches from the floor—the "Live Line."

And he tried to make sure that not only will the wolf callers liven up at the additional cheesecake. He decreed a whole new cut—more bosom, different waistline, new skirt draping—to make obsolete last year's wardrobe. Obsolete, that is, if the "Live Line" revolutionizes the fashion world as did the "New Look" he introduced in 1947.

It all looked like a deliberate test of strength in the middle of a quiet season. Other showings so far had unveiled few changes in length (12 or 13 inches from the floor) and general line. Apparently fewer than the usual numbers of American buyers were on hand.

Dior's assault may decide whether the ladies still look to Paris for the final word on what to wear.

For his new silhouette, he draped most waistlines loosely between the bottom of the bust and the top of the hip. Bosoms were exaggerated and two kinds of skirts prevailed—tight sheaths and inflated bells. The former he calls "Eiffel Tower," the latter "Cupola."

Then, for variety, he whipped up some cocktail dresses in direct contrast. They sported hourglass waistlines and skirts rounded like a ball. Again, though, the emphasis was on the bosom.

"Agile, dancing, full of life," were Dior's words for his new clothes.

SKELTON TO SWITCH

HOLLYWOOD (AP)—Red Skelton switches from NBC to CBS for a new series of live television shows from here this fall, the Columbia network announced yesterday.

REASON TO SMILE. Marine Pfc. Thomas W. O'Connell of Hammond, Wis., his face bearded, is all smiles as he holds up an official announcement that an armistice was about to be signed at Panmunjom. He had just come off the line on the western front for a rest and cleanup.

Doctors Hope To Save Doomed Mother's Baby

TULSA, Okla. (AP)—A young Tulsa housewife, doomed by cancer, is hoping to be strong enough for a Ceasarean section next Sunday, her 20th birthday.

Doctors said Mrs. Huey Alford has cancer of the lymph glands. They are taking the baby two months early, afraid the young woman will die before normal birth can occur.

Physicians are trying to strengthen the expectant mother for Sunday's surgery by feeding her glucose and administering blood transfusions.

PICNIC HELD AT CHURCH

Special activities for children of the Leonardsburg Methodist Sunday School held recently included a picnic dinner in the church basement following the worship service.

In the afternoon, 29 members, both adults and children, visited the peacock farm owned by Mrs. Eunice Roloson of Delaware. Interest in this visit was occasioned by a sermon to the Junior Church given recently by the pastor, the Rev. M. Elizabeth King, who spoke from Bible references to peacocks.

The first cows in the United States were brought here by the Pilgrims in 1624.

Others To Have Say

U.S. May Be Outvoted At Korean Peace Table

By JAMES MARLOW

WASHINGTON (AP)—The answer to this question—what nations will take part in the Korean peace conference?—is of great concern to the United States. But no one, including the United States, has the answer yet.

On one side of the peace table will be the Chinese and North Korean Communists. On the other will be the United States and South Korea and some members of the United Nations.

But just who those other U. N. delegates will be is to be decided some time between mid-August and late October.

Secretary of State Dulles was reported to have told a Senate foreign relations subcommittee behind closed doors recently that one of his gravest problems is how to prevent this country being outvoted by other U. N. members at the conference.

Whether the United States would be outvoted by its friends would depend on the issue being considered. For instance: should the Communists and the United Nations withdraw all their troops from Korea?

One State Department official said he thought the United States would do in the peace conference what it does regularly in the U. N. itself:

It tries to iron out differences between itself and others before there is any formal open voting.

The peace conference opens about Oct. 28. On Aug. 17 the U. N. General Assembly meets in New York to pick a place for the conference and consider the composition of the U. N. delegation.

The U. N. has 60 members. The fighting against the Communists in Korea was made in the name of the U. N. but only about one quarter of the 60 contributed any fighting forces.

Besides the United States and South Korea, which is not a U. N. member, these were the only U. N. members who provided ground or air forces: Britain, Australia, France, New Zealand, South Africa, Canada, Belgium, Luxembourg, The Netherlands, Greece, Turkey, Ethiopia, The Philippines, Thailand and Colombia.

Some of those 15 contributed only a tiny faction of the fighting force. Should all of them sit down with the United States and South Korea? And what of others which didn't contribute any fighting strength at all?

India, for instance, might be given a delegate's seat at the conference because it had worked for an armistice.

Would Russia be included in the U. N. delegation? Russia not only didn't help the U. N. forces but contributed supplies for the Communists on the other side.

At the General Assembly meeting next month the United States no doubt will fight to have at the most only those nations which contributed fighting forces allowed to take part in the conference.

Perhaps it will try to get the assembly to authorize an even smaller peace delegation.

But there is no indication at the State Department that officials there yet know what their position will be in the assembly meeting. They don't seem to have made up their minds yet.

No decision is likely until after Secretary of State Dulles returns from South Korea. He is flying there this weekend to confer with President Syngman Rhee.

Dulles has indicated he would object to Russia as a U. N. representative.

CORRECT ADDRESS

MARBLEHEAD, Mass. (AP)—The letter was addressed simply to "Cow's Corner"—but post office clerks knew just what to do.

They delivered it to a man living at the intersection of Jersey and Guernsey streets.

Mother Admits She Beat Son, 3, to Death

CHICAGO (AP)—Police said a 28-year-old mother related early today she tied her 3-year-old son to a water pipe, then beat him to death with a chair—breaking his arms, legs and nose.

The child's body was found last night by police who went to the family's South Side apartment to investigate a neighbor's complaint the mother, Mrs. Veronica Burowsky, was trying to conceal an injured child.

Police Lt. Thomas Casey said the woman related she beat the boy, Peter Jr., because he was disobedient. He said she used a chair as a weapon until it broke—then used pieces of the chair.

Mrs. Burowsky and her husband Peter, 35, have three other young children.

5 U.S. Ships Sunk During War, Navy Headquarters Says

YOKOSUKA (AP) — U. S. Navy headquarters said Tuesday five U.S. Navy ships were sunk and 82 others hit during the Korean War.

Navy casualties totaled 337 Americans killed and 1,585 wounded.

The headquarters summary called the Korean naval fighting a "strange war" because of the casualties suffered by naval craft and personnel, "without participating in a single naval engagement."

It added that "never once did a battle occur far from the sight of land."

"All action," the headquarters said, "took place with surface ships hoving within stone's throw of the coastline and slugging it out with heavy Communist shore batteries."

The naval craft sunk were four minesweepers—the Pledge, Partridge, Pirate and Magpie—and one Navy tug, the Sarsi.

ORDINANCE FUNDS KILLED

WASHINGTON (AP) — The Senate Armed Services Committee has eliminated an Army request for $243,000 for a construction project at the Erie, Ohio, ordnance depot.

Both House and Senate committees approved the following Ohio projects in the military construction bill: Wright - Patterson Air Force Base near Dayton, $4,016,000; Camp Perry, $354,000, and Youngstown Municipal Airport, $184,000.

State Auditor Lists Findings

COLUMBUS, Ohio (AP) — State Auditor James A. Rhodes today reported findings of shortages in justice of the peace courts in Tuscarawas and Butler Counties.

Rhodes, releasing the results of two special examinations by the bureau of inspection, said the findings amounted to $8,192.93.

A shortage of $5,794.93 was found in the accounts of Isaac R. Cramer of Uhrichsville, peace justice in Mill Township, Tuscarawas County. Rhodes said Cramer, bonded for $1,500 a term, collected $5,429 in fines and turned over only $190—$115 to the conservation department and $75 to the state treasurer.

The auditor said a shortage of $2,398.00 was found in the accounts of Justice Hobart L. Mercer, West Chester, Union Township, Butler County. He said the audit showed Mercer collected $5,769.90 and turned over $3,371.90 to the state, leaving $2,398 unaccounted for.

Rhodes said both cases have been turned over to county prosecutors.

Dairy Industry To Plug Products

WASHINGTON (AP)—Dairy industry leaders today blamed "a miserable" job of salesmanship for a surplus of butter, cheese and dried milk piling up in government hands.

To correct this situation, the American Dairy Association is developing a 10 million dollar a year sales promotion and advertising campaign to get consumers to buy more milk and dairy foods.

Plans for such a campaign were disclosed yesterday by officials of the association and the National Milk Producers Federation following a conference with President Eisenhower and Secretary of Agriculture Benson at the White House.

Siege of Wonsan Is U.S. Navy's Longest

YOKOSUKA (AP)—Signing of the truce at Panmunjom Monday brought to an abrupt end the longest U. S. naval siege in history—the siege of Wonsan.

The blockade of the North Korean east coast port was brought to a halt after 2 years, 4 months and 11 days. The second longest siege of a city by U. S. naval elements, that of Vicksburg during the Civil War, lasted less than two months.

During the 37 months of the Korean War, Wonsan was hit daily both by air and surface elements of the United Nations fleet. It was the Reds' main communications center of the east coast, and the key passageway in a vital transportation route direct to their front line.

Farm Income Drops During First Half of '53

Price Decline More Than Offsets Higher Stock, Crop Volume

By OVID A. MARTIN

WASHINGTON (AP)—The agriculture Department reported Tuesday that farm income during the first half of this year was down 5 per cent from a year ago. It totaled $12,600,000,000.

Farmers sold more crops and livestock and livestock products than during the first half of last year, but prices averaged 10 per cent lower.

Receipts from livestock and livestock products totaled $8,200,000,000 or a reduction of 8 per cent from a year ago. Most of this decline was due to lower prices for cattle and calves. Crop receipts in the first six months totaled $4,400,000,000, about the same as in 1952.

The department said the decline in farm income from a year ago has been getting larger month by month. In June, for example, receipts were down 13 per cent from the corresponding month last year.

Meanwhile, the department predicted that the combined production of crops and livestock this year may be about the same as the 1952 record. The agency's July crop report indicated that crop output may be the third largest of record. Production of livestock and livestock products are likely to be the largest of record.

The department said the domestic demand for food and other farm products is continuing high, but that foreign demand remains at a reduced level, largely as a result of improved production abroad.

However, some improvement in exports of cotton tobacco and some of the vegetable oils was forseen in the months ahead.

KILLED NEAR WAVERLY

PORTSMOUTH, Ohio (AP)—Tony McNight, 42, of Columbus, was killed Tuesday when his car struck a guard rail near Waverly.

PIKE OPENING DELAYED

COLUMBUS, Ohio (AP)—The Ohio Turnpike Commission says the 241-mile superhighway will not open as scheduled July 1, 1955. The commission blamed court suits for the delays which may postpone the opening date until Oct. 1, 1955. The commission will take bids today for three sections of the toll road in Lucas and Fulton Counties with completion dates set for Oct. 1, 1955.

U.N. Secretary Challenges U.S. View on Aliens

GENEVA, Switzerland (AP)—U. N. Secretary General Dag Hammarskjold asserted Tuesday the United States has no right to bar aliens it considers undesirable from United Nations headquarters in New York.

In a report circulated to the U. N. Economic and Social Council meeting here, Hammarskjold said under its headquarters agreement with the U. N., the United States can deport persons admitted under the agreement but cannot deny them access to the headquarters.

Hammarskjold is flying from New York to Geneva tomorrow to report in person on his still-continuing negotiations with U. S. representatives. The dispute arose earlier this year when the American government, for security reasons, denied visas to two representatives of Communist-controlled organizations which have consultative status with ECOSOC.

The United States contended that in accepting the headquarters agreement in 1947, it said it would bar entry to the country of persons who threatened its security.

Pittsburgh Flier Drops Last Bomb

SEOUL (AP) — Airman 3C Dennis Judd of Pittsburgh, Pa., a gunner on a night-flying B26 light bomber, dropped the last bomb of the Korean War, the 5th Air Force said Tuesday.

The other crew members were 1st Lt. Donald W. Mansfield, Akron, Ohio, pilot; and 1st Lt. William L. Ralston, Oklahoma City, Okla., navigator.

The plane crossed the battle line at 9:29 Monday night and dropped its eight 500-pound bombs on a cluster of personnel shelters in the Kumsong region of North Korea four minutes later—22 minutes before the ceasefire.

KILLED IN CRASH

POWHATAN, Ohio (AP) — Ray Grover, 16, was killed Tuesday when a car in which he was riding plunged into a house along Ohio 7.

Marion Youths Shaken Up in Auto Accident

Two Marion teenage boys escaped with only minor injuries when their car crashed off the right side of Marion County Road 179, near Caledonia, at 2:30 p.m. Tuesday, and overturned in a field.

This accident was one of five reported by state highway patrolmen and Marion police.

William L. Gates, 15, of 369 Owens St., driver of the car, and Dave Harbolt, 17, of 622 Lee St., received minor bruises in the accident. Highway patrolmen said Gates lost control of the car which crashed through a farm fence and overturned in a corn field. Neither of the boys required treatment. The car was totally demolished.

Everett K. Thompson, 31, of near Marion, was arrested on an intoxication charge after his car forced one driven by Gene Pence, 29, of Richwood, off State Route 4, eight miles south of Marion at 6:15 p.m. Tuesday. The northbound Thompson car, in attempting to pass a truck, forced Pence off the right side of the road and into a ditch. The Pence car was moderately damaged on the right front end. Following his arrest, Thompson was taken to Marion County jail where he was held for an arraignment in Municipal Court today.

Three no injury accidents were reported by city police. All happened Tuesday afternoon.

At 3:52 at the intersection of Columbia and Cherry St., William Bogart, 11, of 273 W. Columbia St., was not injured when his bike and a Railway Express truck collided. The police reports indicated the boy drove his bike in front of the truck driven by Donald R. Gier, 24, of 630 Lee St. The rear wheel of the bike and left front tire of the truck were slightly damaged.

Two cars were slightly damaged in an accident on E. Church St. at 4:12 between State and Main St. They were driven by Guy B. Fisher, 71, of near Marion and Charles I. Smithson, 73, of 169 W. Center St.

In another accident Tuesday afternoon, two cars were damaged when they collided at an alley intersection between Mound St. and the C. & O. Railroad tracks south of Columbia St. The cars were driven by Charles L. Bennar, 32, of 1073 Davids St. and Ray Needles, 46, of near Prospect.

15 Hurt in Bus-Truck Crash at Painesville

PAINESVILLE, Ohio (AP)—A truck collided with a bus carrying workers to the plant of Industrial Rayon Corp. today, and 15 of the bus passengers were brought to a hospital here with injuries.

Only one, G. T. Wolfe of Geneva, was admitted as a patient.

The accident occurred eight miles east of here on Route 20, near Perry.

The state highway patrol reported 30 to 35 passengers were aboard the bus, and that most of them suffered minor cuts and bruises. None was believed to have been hurt seriously. Wolfe suffered a head injury and his condition was listed as "good."

'Sit Tall,' Televiewers Told by Chiropractors

LOS ANGELES (AP)—That aching back may be caused by television slump.

Dr. N. H. Lidenberg of St. Paul, Minn., told the National Chiropractic Association convention yesterday:

"Long hours sitting and watching television frequently bring compression of the important nerve branches because of the relaxed, sagging, overlong body slump. No harmful effects will result, however, if you sit tall."

Grand Slam Homer Wins For Marion

Chuck Lindsey Belt Turns Back Newark; Locals Return Tonight

A grand slam home run by Chuck Lindsey enabled the Marion Little American League All-Stars to turn back a strong Newark National League crew, 7-3, in overtime, Tuesday night at Newark.

Marion won the toss and was home team. Both teams were idle until the last of the third when Kelly beat out a bunt for the Marion team. Collins then doubled in the first score. Later in the same inning Walters came through with a double driving in two more and giving Marion a three-run lead.

Marion held the Newark team until the sixth when it exploded with three runs. The Marion starter, Chuck Lindsey, was replaced by the second baseman, John Nichols. Lindsey went to second which proved a break for the Marion team.

The game went into the extra seventh inning and had it been necessary the umpire would have called the game at the end of the inning on account of darkness. This would have meant the game would have been replayed at a later date. In the last of the seventh the Marion nine loaded the bases and the ball played the part of a big, juicy morsel for the hungry bat of Chuck Lindsey. Four runs came across the plate ending the game.

Tonight at Newark the Marion American Leaguers play the Newark American Leaguers in the tournament playoff game.

Sally Murray Posts Seventh Straight Win in Girls' League

Sally Murray allowed only two hits Tuesday night while she was hurling Marion Industries to an easy 34-7 win over Arro-Expansion Bolt in the Marion Girls' Softball League.

In the only other game played, Marion Power Shovel nipped Engineer Depot, 7-5. The Telephone Company drew the bye.

The win over the Bolt girls was the seventh straight for Murray. She hurled the Marion Industries squad to four straight wins in the first round for the title and has won three in the second round. She is the winningest hurler in the league. Last night's win was one of her easiest.

Mickey Carpenter was the big gun for the winners. She blasted a pair of home runs. Doris Borders, Virginia Eby and Dorothy Smiley also smashed round trippers.

Emma Knickle and Betty Bowman collected the only safeties for the losers. Georgia Williams was charged with the loss.

A two-run homer in the sixth inning by Jean Deweese provided the Shovel's winning margin. With the score knotted at 5-all, Deweese ended the Depot hopes with her long drive. She also collected another hit. Gloria Cummins also collected two for four while Jenalee Ward had three for four, including a double. Eileen Sherman was the winner.

Nancy Elkins hurled for the Depot with Maxine Hawk catching. Martha Stoner with 2 for four, Elkins with 2 for four and Delores Haines with 2 for five were the big hitters.

The Shovel with a 2-1 record will meet Marion Iindustries, 3-0, next week with a chance at a possible share of the second round title.

Sonny Taylor Misses Perfect Game, Settles for No-Hitter

Sonny Taylor, Carl's Auto Parts hurler, pitched the first no-hit no-run game of the Commercial League season Tuesday at Garfield when he blanked G.I. Post 4-0.

Taylor came within one batter of hurling a perfect game as he faced only 22 men, one over the minimum. Paul Daum, Post catcher, reached first after two men were out in the fifth inning when he was hit by one of Taylor's slants. The win pushed Carl's back to the top of the league with a record of four wins and one loss while G.I. Post and K. & W. are tied for second place with three wins and one loss. Carl's supplied Taylor with all the runs he needed in the fourth when Howard Grubbs singled and scored two plays later on an error. The winners iced the game in the seventh by pushing three runs over on two hits and three errors, one of the hits being a two-base hit by Grubbs with two men on the sacks.

K. & W. squeezed first round Champions Smitty's All-Stars out of the running for second round honors by winning 9-4. After each team had scored three runs in the first two innings, four scoreless innings were rapidly played off before K. & W. exploded for six runs in the top of the seventh to wrap up the contest. The big blow of the inning which included six hits was Chuck Wynn's home run with the sacks crammed. The All-Stars came back with one run in the final half of the seventh to complete the scoring. The Plumbers reached Bob McKeever for a total of 13 base hits while Bud England was scattering six safeties for the winning K. & W. nine.

The West Town Merchants went on a hitting spree as they walloped UAW-CIO 1039 by a 14-0 count. The Merchants opened the game with a four run charge and after adding one more in the second and two in the third, turned the game into a rout by scoring seven in the sixth. Howard Medley gave up one hit in the six innings. Harold Dillion spoiled his bid for a no-hitter with a single in the opening frame.

OHIOANS DEFEATED

Army To Continue Camp Perry Firing

WASHINGTON (AP) — The Army announced today it will operate its anti-aircraft firing range at Camp Perry, O., during the fall fishing season, except for weekends and holidays.

Commercial fishermen operating in Lake Erie off the camp and Toledo yachting clubs had requested suspension of all firing during the fall.

But T. A. Young, special assistant to the secretary of the Army, wrote Rep. Wichel (R-Ohio) the "National defense requirements must of necessity take precedence at this time."

The famous Leaning Tower of Pisa was started in 1174 A.D. It started to list long before it was finished in 1350 A.D.
